## **July 2012**

Hello and welcome to the July edition of the cottages4you newsletter.

As we approach the peak summer holiday season we are seeing a late surge in summer bookings. Despite the poor weather we are finding that people are opting to holiday in Britain and as excitement builds for the Olympics we are expecting more people to choose to holiday in their home country this summer. Our key message is that come rain or shine, the UK has something for everyone. We still have good availability for peak summer holidays, in particular the areas below:-

### UK – Peak Summer

South West, Northumberland and Central England – Family properties sleeping 4/6

### UK – August Bank Holiday

Central England, Scotland, lake District and Northumberland – All sleeps

### France

Dordogne, Languedoc, Provence and Cote d’Azur – Family holidays sleeping 4/8

### Ireland – Festival season

County Kerry, Killarney, Kenmare and Killorglin – Sleeping 4/8

### Italy

Tuscany - We have plenty of discounted properties for high season and the weather is superb – 30 degrees and sunny. Further south there is currently a heatwave, so a villa in the Tuscan hills, with private pool and shady verandah is ideal for a family holiday.

Here are a selection of some of our favourite properties that still have availability during the peak summer holiday period.

**Wales** – Property ref JDV, The Cottage, Llawr-y-Glyn, Caersws – Sleeps 5/6, 3 pets

**Cornwall** – Property ref CV14, Rosecraddock Manor, Caradon, Liskeard – Sleeps 4, no pets

**Scotland** – Property ref SAL, Tinkerbell, Glenprosen nr Kirriemuir – Sleeps 2, 1 pet

**Dorset** – Property ref 10388, Plum tree Cottage, West Lulworth – Sleeps 2/4, no pets

Great News!
