The University of Manchester

MANCHESTER INTERNATIONAL SUMMER SCHOOL

8-26 JULY 2013

You are invited to join us on a three-week accredited course about Britishness at one of the leading UK universities, The University of Manchester.

Manchester is a city of world-historical significance. As the birthplace of the industrial revolution, it is the original, modern city. From the factory to professional football, from the passenger railway station to the computer, from the public lending library to the trade union movement: many of the ideas, institutions and forces which shape the modern world were created in Manchester.

Based in the largest single-site university in the UK, the Manchester International Summer School will introduce you to British history, art, literature and popular culture through a focus on the amazing cultural assets to be found in the city itself and the surrounding region.

You can find more information about the summer school and application procedure on www.manchester.ac.uk/summerschool. The application deadline for 2013 is **15 April**.
