

The University of Manchester

Degree *Congregations*

DECEMBER 2014

At The University of Manchester,
we focus on *making things happen*,
turning enthusiasm into
achievement and ground-breaking
theory into cutting-edge practice.

Our newest graduates today join a prestigious hall of fame that includes 25 Nobel Prize winners among our current and former staff and students, and a worldwide community of more than 240,000 alumni who can be found holding top positions in every imaginable field.

Over a distinguished history spanning more than 180 years, our innovative minds have accomplished feats of global importance, including the birth of the modern computer, the splitting of the atom, and the foundation of modern-day economics.

Today, our students form a diverse and fascinating community, drawn from all corners of the globe, united in their goal to build a better future via a world-class educational experience of a lifetime.

We encourage our students to take charge of their future, finding a voice and forming opinions, getting involved and meeting fresh challenges, making the most of the multitude of resources and opportunities that we have to offer.

And we know, with their intelligence, inspiration and ambition, our new graduates will find they have what it takes to make their future happen.

Welcome

from the President and Vice-Chancellor

I welcome you all – graduands, family members and friends – to The University of Manchester for this degree congregation.

This is a time of celebration for all of us and I very much hope that you find it an enjoyable occasion. As each graduand is presented for conferment of their degree, the University shares with you all a great sense of pride in the award they have worked so hard to attain.

For those of you graduating today, these ceremonies mark not the end of your relationship with the University but the start of a new stage. It is my hope that the links between the University and you will grow ever stronger and I look forward to you becoming an active member of the University's alumni body.

I wish you every success for the future and that you all have a truly memorable day.

Professor Dame Nancy Rothwell
President and Vice-Chancellor

The Faculty of Engineering and Physical Sciences

The Faculty of Engineering and Physical Sciences is large and comprehensive with nine component schools: Chemical Engineering and Analytical Science; Chemistry; Computer Science; Earth, Atmospheric and Environmental Sciences; Electrical and Electronic Engineering; Materials; Mathematics; Mechanical, Aerospace and Civil Engineering; and Physics and Astronomy. Together they offer a diverse portfolio of research and teaching of the highest quality.

Many of the major advances of the 20th century began here, including the work by Rutherford leading to the splitting of the atom and the development of the world's first modern computer. Today research activities remain at the cutting-edge and the Faculty now generates around £75 million in research funding a year.

The quality, breadth and volume of research activity at the Faculty of Engineering and Physical Sciences is unrivalled. There are more than 70 specialist research centres and groups at the Faculty, each undertaking pioneering research into areas ranging from nuclear decommissioning and nanotechnology to artificial intelligence and aerospace.

Research is at the heart of The University of Manchester's Faculty of Engineering and Physical Sciences. The 2008 Research Assessment Exercise revealed outstanding results, with all of our departments demonstrating international or national excellence.

The Faculty of Humanities

The Faculty of Humanities is the largest of the University's four Faculties, with a world-leading reputation in research that spans academic areas as diverse as the arts, international development, modern languages, education, law, the social sciences, business and management. With a total income of around £190 million per annum, around 18,000 students and some 1,000 academic staff, it is equivalent to a medium-sized university in the UK.

Major institutes and centres include the Centre for New Writing, the Institute for Social Change, the Brooks World Poverty Institute, Humanitarian and Conflict Response Institute, the Manchester Institute for Innovation Research, the Research Institute for Cosmopolitan Cultures, the Centre for Chinese Studies, the Institute for Development Policy and Management, the

Centre for Equity in Education and the Sustainable Consumption Institute.

In the 2008 Research Assessment Exercise, Humanities was behind only Oxford and Cambridge in the number of world-leading staff returned, classified as 4*. Of its activity, 22% was classed as world-leading and a further 40% as internationally excellent.

The Faculty of Life Sciences

The Faculty of Life Sciences is a world-class research establishment, recognised as an international site of excellence in terms of research power and importance in the latest Research Assessment Exercise.

It is home to more than 1,000 researchers, over 2,000 undergraduate students and has an annual budget in excess of £100 million.

Students benefit from modern facilities, innovative teaching techniques and the opportunity to be taught by leading experts from across the breadth of the life sciences. The highly interactive research and teaching environment allows the Faculty to conduct the highest quality research while maintaining an extensive range of undergraduate and graduate programmes as well as vocational training.

The Faculty's research fields include environmental biology, disease biology, neuroscience, genetics and zoology. There are also world-leading researchers studying vision science, bioethics and the history of science, technology and medicine.

Academics regularly have their work published in leading scientific journals and significant breakthroughs are consistently being made in the understanding of a range of diseases.

Rapid advances in molecular and structural biology, genomics and bioinformatics will ensure that the life sciences continue to dominate scientific discoveries in the 21st century.

The Faculty of Medical and Human Sciences

The Faculty of Medical and Human Sciences has a long and proud history of innovative teaching and ground breaking research, and is one of the largest faculties of clinical and health sciences in Europe. The Faculty has five Schools: Medicine, Dentistry, Pharmacy, Psychological Sciences, and Nursing, Midwifery and Social Work. It also has six Faculty research-focussed institutes: Brain Behaviour and Mental Health; Cancer Sciences, Cardiovascular Sciences; Human Development; Inflammation and Repair; and Population Health. The Faculty has strong interdisciplinary links with other Schools, Faculties and Institutes across the University, including Life Sciences, Engineering and Physical Sciences, Economic and Social Sciences, Education and the Cancer Research UK Manchester Institute. The School of Medicine traces its past to the first medical school established in England outside London, while the School of Nursing was the first British school to offer a degree in the subject; similarly, Manchester was the first university to award degrees in Pharmacy and was the first university in Britain to appoint a full-time professor of psychology; the first degree programme in dentistry was introduced in 1904. The Faculty's

performance in the 2008 Research Assessment Exercise (RAE) reflects its strength across an entire range of biomedical and clinical research areas from laboratory-based investigations through to studies of the impact of discoveries on the health of the population. There is a strong organisational capability for undertaking cross-faculty teaching and research activity in partnership with the public sector and industry. For example, in around 450 community placements/GP practices and 17 district hospitals, the Faculty trains in excess of 450 doctors each year. Similarly, in partnership with the NHS and Health Education England, it provides continuing professional development for 60,000 pharmacy professionals in England.

Furthermore, teaching and research is spread over a wide area with major links to Central Manchester University Hospitals NHS Foundation Trust, the Christie NHS Foundation Trust, Salford Royal NHS Foundation Trust, University Hospital of South Manchester NHS Foundation Trust, and Manchester Mental Health and Social Care Trust.

**Susan Bullock CBE  
Soprano**

*Susan Bullock's unique position as the world's most sought-after British dramatic soprano was recognised with the award of a CBE in June 2014.*

Renowned for her interpretations of strong operatic heroines, Susan adds to her repertoire with two contrasting role debuts this season: Minnie in English National Opera's new production of *The Girl of the Golden West*; and Mrs Lovett in *Sweeney Todd* for Houston Grand Opera, which marks her first foray into music theatre.

One of today's most distinguished Brünnhildes, Susan became the first soprano to sing the role in four consecutive cycles of *Der Ring des Nibelungen* when she performed in the Royal Opera House Covent Garden's production as part of the 2012 Cultural Olympiad. She has sung this role at a range of international venues including Wiener Staatsoper, Deutsche Oper Berlin, Oper Frankfurt, Opera Australia, the New National Theatre, Tokyo, and Canadian Opera Company.

Appearances as Richard Strauss's Elektra have brought Susan Bullock equal international acclaim and she has sung the role under conductors such as Fabio Luisi, Semyon Bychkov, Seiji Ozawa, Sir Mark Elder and Edo de Waart. In 2009, she received the Royal Philharmonic Society's award as Singer of the Year for her portrayal of the role at the Royal Opera House. Susan has also sung Emilia Marty (*Vec Makropulos*) for Oper Frankfurt and, in 2013, she achieved further success at the Royal Opera House in their production of Britten's *Gloriana*, celebrating the composer's centenary.

Susan Bullock's concert work includes the Prelude & Liebestod from *Tristan und Isolde* with Esa-Pekka Salonen and the Philharmonia Orchestra, and with Zubin Mehta and the Orchestra of the Bayerische Staatsoper. Other notable engagements for Susan include highly popular appearances at the Last Night of the Proms 2011 and at the closing ceremony of the London 2012 Olympic Games.

Susan's substantial discography includes *Der Ring des Nibelungen* with Oper Frankfurt on Oehms Classics, the title role in *Salome* with the Philharmonia Orchestra under Sir Charles Mackerras for Chandos and, on DVD, the Royal Opera House production of *Gloriana*.

#### The Affirmation

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;

- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;

- avoid abuse of my position as a nurse or midwife;

- work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply: "I so affirm".

**Professor Dame Jocelyn
Bell Burnell**

Astrophysicist

Jocelyn Bell Burnell inadvertently discovered pulsars as a radio astronomy graduate student, opening up a new branch of astrophysics - work recognised by the award of a Nobel Prize to her supervisor.

She has subsequently worked in many roles in many branches of astronomy, working part-time while raising a family.

In her spare time she gardens, listens to choral music, collects poetry with space or astronomy themes, and is active in the Quakers.

Congratulations on your graduation and we hope that you have thoroughly enjoyed your time in Manchester. Whether you have found a job or a place on a postgraduate course, or are still considering your options, we wish you the best for your future.

## *Your career begins here*

### **Congratulations on your graduation**

Have you secured a graduate job or place on a postgraduate study course? If not, the Careers Service can help you for up to two years after graduation.

### **Explore**

Careers information and news. Access a wealth of resources to help you with your research by visiting our comprehensive website, Facebook groups, Twitter accounts, blog or come and see us at the Atrium in University Place, open all year round.

### **Connect**

With one-to-one careers advice and guidance. Speak with a qualified and experienced professional to discuss career possibilities and the steps required to get a job. You can arrange a meeting in person, over the phone or online. [www.manchester.ac.uk/careers/services](http://www.manchester.ac.uk/careers/services)

### **Experience**

Find an opportunity that's right for you. We advertise jobs with immediate start dates, graduate training schemes, volunteering roles, graduate internships and much more. [www.manchester.ac.uk/careerslink](http://www.manchester.ac.uk/careerslink)

### **Where will your qualification take you?**

We would like to know what you will be doing next, so in a few months will send you the Destinations of Leavers from Higher Education Survey. We would be very grateful if you would complete the survey when you receive it.

The information you provide is really important to help us recognise the achievements of our graduates; to help prospective and current students plan their futures, and to help improve the reputation of your degree programme and The University of Manchester. We assure you that your answers will be handled confidentially any published data is anonymised.

We wish to collect as much information as possible to ensure that the University and your School are accurately represented, so please help us to make the survey a success.

### **Keep in touch**

Your student email address will be switched off very soon. Please update your preferred email address in My Manchester so you can continue to access CareersLink for jobs and events: [my.manchester.ac.uk](http://my.manchester.ac.uk)

We wish you every success for your future.

# Alumni Association

Congratulations on your graduation day and welcome to the Manchester alumni family. Today you are joining a worldwide network of more than 270,000 former students. We hope that your graduation will be a transition to a new stage of a lifelong connection between you and your University.

We want you to get involved and realise all the benefits we continue to offer you. Visit your alumni homepage ([www.manchester.ac.uk/alumni](http://www.manchester.ac.uk/alumni)), become a Facebook fan ([www.facebook.com/alumniuom](http://www.facebook.com/alumniuom)), follow us on Twitter and Instagram (@AlumniUoM), browse photos of our campus and events on Flickr ([www.flickr.com/manchesteralumni](http://www.flickr.com/manchesteralumni)), and join our LinkedIn group ([bit.ly/Li\\_AlumniUoM](http://bit.ly/Li_AlumniUoM)).

Your Alumni Association is supported by the University's Division of Development and Alumni Relations, providing you with a wide variety of opportunities for engagement, such as volunteering, networking events, social gatherings, career talks and resources, lectures by world-class academics and much more. With regular events in Manchester, London and all over the world, you can always keep in contact with your University and fellow alumni.

One of the ways you can help the next generation of students is by supporting Scholarship funds. In this way, alumni can support and enrich the teaching and learning of current students, contribute to outstanding University research programmes and help the University to continue to provide an excellent education for the students of today and tomorrow.

You'll also receive your annual alumni magazine, Your Manchester, which is dedicated to keeping you updated with University and alumni news. We'll send you a copy or you can read it online – look out for it every year. We also send a regular eNewsletter, in which many of our events are advertised and we feature topical news items.

Alumni who want to keep in touch find it very easy to do so. You can always chat to us through social media.

The alumni website, Your Manchester Online ([www.manchester.ac.uk/yourmanchester](http://www.manchester.ac.uk/yourmanchester)), gives you access to everything you will need, including how to update your details online, as well as information about events, new research and alumni networks and groups across the globe.

You automatically become a full member of the Alumni Association on graduation but, to enjoy all of the benefits, register online for your Alumni Association membership card and access to online services. Go to [www.manchester.ac.uk/yourmanchester](http://www.manchester.ac.uk/yourmanchester) and register using your student registration number (which is on your library card). This number is unique to you and will soon become your alumni number.

After you have registered you can enjoy the many alumni services the University offers, including the ever expanding: 'Your Manchester Extras'. You can get continued free use of the University library and also free remote access to many academic eJournals and reference material. The University's sports facilities are also still available to you at a preferential rate.

We have also negotiated dozens of special offers with various outlets on campus, as well as restaurants, hotels, theatres and commercial companies around Manchester (full details are available on Your Manchester Online).

## Famous Manchester alumni

Our graduates can be found in all walks of life and include some highly successful people: Chuka Umunna MP, Shadow Secretary of State for Business, Skills and Innovation; Winnie Cheung, former Chief Executive and Registrar of the Hong Kong Institute of Chartered Public Accountants; Toby Jones, film actor whose credits include Captain America, The Hunger Games and Tinker, Tailor, Soldier, Spy; Dame Sally Davies, Chief Medical Officer for England; Tom Bloxham MBE, the University's Chancellor and founder of the pioneering urban renewal property development company Urban Splash; Frances O'Grady, the first female General Secretary of the TUC; Brian Cox, Professor at The University of Manchester, Physicist working at CERN and science communicator; Leena Gade, the first female F1 engineer to win Le Mans 24 Hours race; Sam Bain and Jesse Armstrong, award-winning comedy writers of Peep Show and Fresh Meat; Benedict Cumberbatch, leading actor in the BBC television drama Sherlock and world box office hit Star Trek Into Darkness; Sir Peter Maxwell Davies, composer, conductor and Master of The Queen's music; Dr Mark Kermode, film critic; and George Maxwell Richards, the fourth President of the Republic of Trinidad and Tobago. To see more famous alumni visit the distinguished alumni library on Your Manchester Online.

## Manchester Business School Alumni Association (MBSAA)

Graduates of Manchester Business School can benefit from an additional alumni association, MBSAA, which has a global community of more than 40,000 alumni across 164 countries. MBS graduates are encouraged to register for the MBS online community site – MBSNetwork Online – in order to access more benefits and services unique to MBSAA members. These include access to free online library resources, career development tools and information, a global calendar of events, and alumni groups. MBS graduates will also receive an additional annual magazine and monthly eNewsletter.

MBS graduates are invited to join the MBS LinkedIn group with more than 8,000 members and growing each day.

### **Emergency Evacuation procedure for Whitworth Hall**

During the course of this event no alarm test or an emergency evacuation practice has been planned.

Therefore, if the alarm, which sounds intermittently is activated it should be treated as a potential incident requiring evacuation.

Graduands and Guests are asked to remain calm and seated and follow the instructions given by stewarding staff.

The Assembly point is on the front quadrangle which is adjacent to the Whitworth Hall in front of the John Owens Building.
