Winston Smith lives in a world of absolute conformity. Spending his days rewriting history at the Ministry of Truth, his every action is scrutinized by Big Brother. However, when Winston meets Julia he dares to rebel by falling in love.

Based on George Orwell's masterpiece and created by Guest Choreographer and former Royal Ballet dancer Jonathan Watkins, *1984* will change the way you think about ballet.

With a brand new score from Tony nominated Composer Alex Baranowski played live by Northern Ballet Sinfonia, see this iconic classic reimagined for a modern audience.
