

Bus priority package update: The transformation of Oxford Road continues

Information for cyclists

Until Sunday 4 September there will be a number of diversions in place on and around Oxford Road.

The southbound lane of Oxford Road – heading out of the city centre – will be closed to all traffic between Booth Street East and Hathersage Road. Oxford Road will be reopened to cyclists as soon as it is safe to do so.

The inbound lane, heading into the city centre, will be maintained for cyclists during this time.

If you travel along Whitworth Street, the left-turn lane into Oxford Street outside the Palace Hotel is also temporarily suspended until 4 September.

Alternative routes shown on the map.
