

MANCHESTER INTERNATIONAL SUMMER SCHOOL

Manchester: Original/Modern. It starts here...

8-27 July 2018

Join the Manchester International Summer School (MISS) in July 2018 for a three-week course which allows you to explore British culture and history, and discover contemporary Manchester and its region.

Two hundred years ago the modern world began in Manchester. In this city, entrepreneurs and workers created the economic and political structures of modernity. Simultaneously, political thinkers, social reformers, artists and writers sought to understand the significance of those changes. What happened in Manchester between 1750 and 1850 changed the world. MISS is your chance to explore and understand Manchester's significance as a world-historical city.

"The Manchester International Summer School made Manchester the best city in the world for all of us."
Edyna Qousersha,

We look forward to welcoming you to The University of Manchester and to our exciting city in July 2018.
