

Terms and conditions

Current students of The University of Manchester are entitled to a refund on their registration fee when they raise £50 in sponsorship for Undergraduate Access Scholarships at The University of Manchester (Exempt charity number XR82062). The offer is not available to students raising funds for any other charity or cause.

All donations must be paid to the individual's Just Giving page by 30th June 2018. Only donations made by this date will be counted towards the £50 required to receive a refund.

Individuals are responsible for notifying the Regular Giving team at the University when they have raised the required £50 in sponsorship donations. They must email supporters@manchester.ac.uk including the URL of their Just Giving page, their full name and student number.

The Regular Giving team in the Division of Development and Alumni Relations are not obliged to order a refund of registration fees to any student who has not confirmed in writing (e.g. by email) that they have met or exceeded the £50 threshold in donations.

Refunds will be processed by the University's Directorate of Finance and may take up to 28 days to reach the student's account.

Refunds will be issued to the credit or debit card account with which the original fee was paid. If your card details have changed, you must contact supporters@manchester.ac.uk. Failure to notify us of your updated card details will prevent you from receiving your refund.

To receive your refund as quickly as possible, please contact us as soon as you have reached £50 in donations.

All questions and enquiries should be addressed to:
