

Suicide by children & young people (2017)

National Confidential Inquiry into Suicide and Safety in Mental Health (NCISH)

158

young people aged **under 20** die by **suicide** per year

Our findings suggest...

Bereavement services

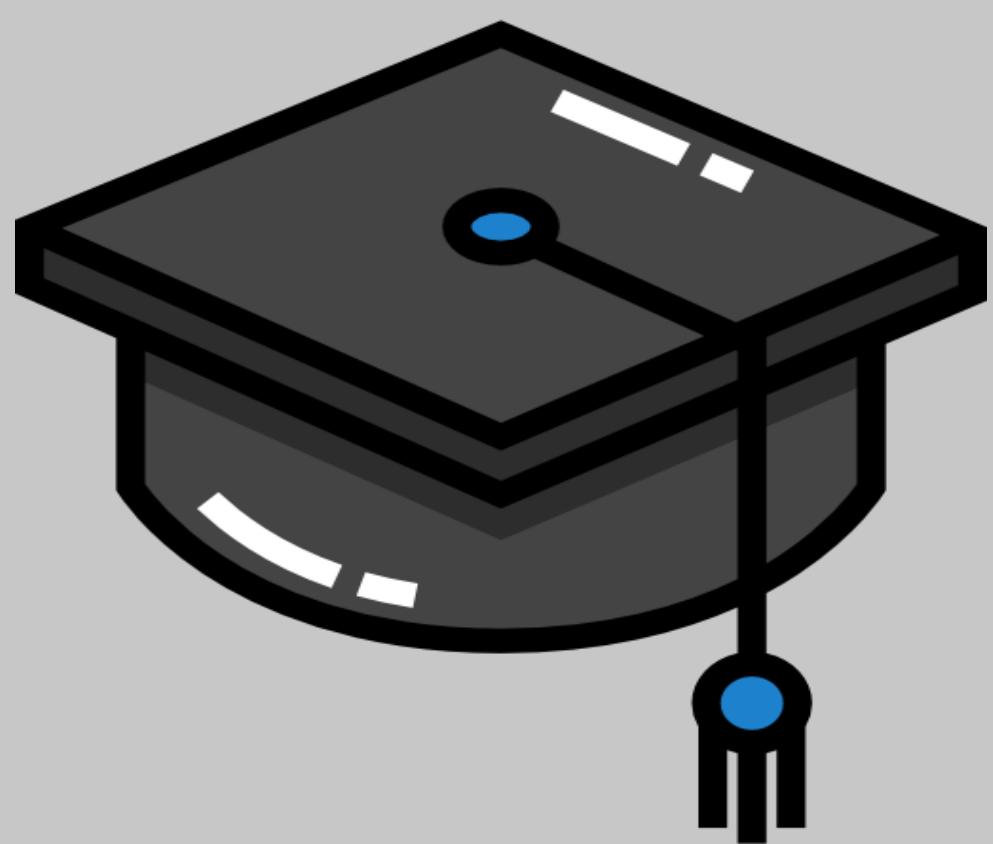

Support services should be **widely available** for people who are **bereaved** (especially by suicide)

LGBT support

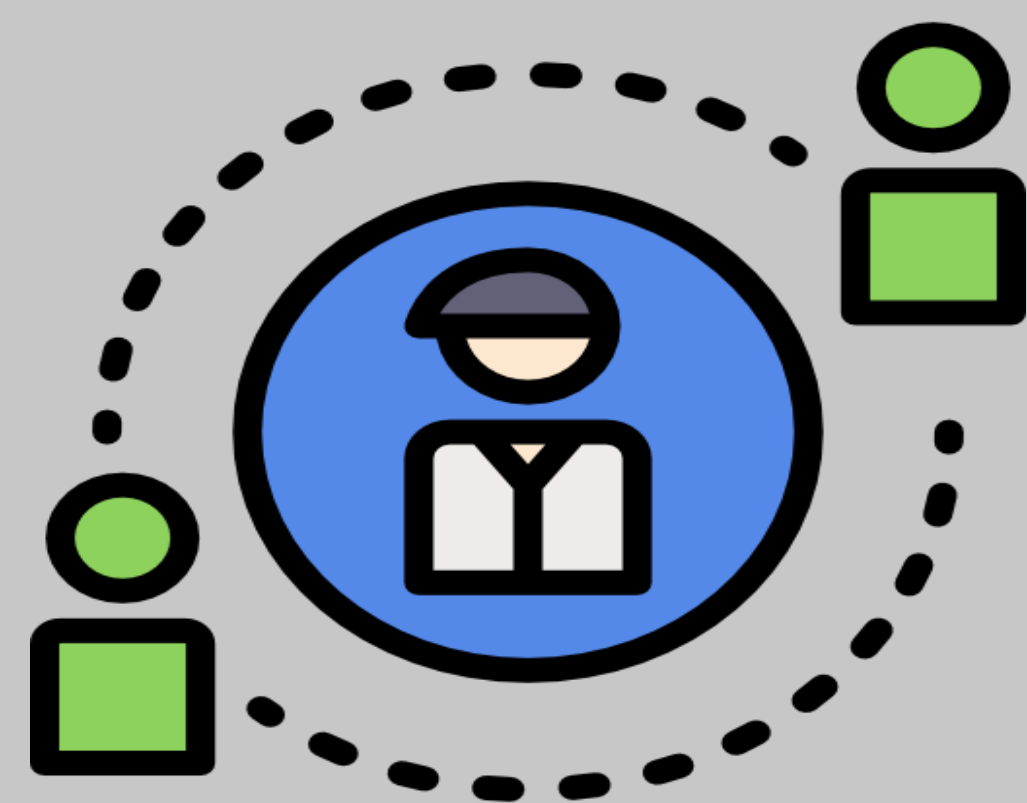

Mental health support for **LGBT** groups is important

Student support

Colleges & universities should **prioritise** mental health

Contact with services

All services need to **improve access** & risk management skills
