Carbon Action Group
Terms of Reference

The overall goal of this group is to support and develop environmental sustainability activity across the Faculties. Specifically the group aims to:

- To achieve objectives, targets and goals that the University has signed up to.
- To propose carbon targets and oversee the development of proposals to reduce carbon emissions across the University.
- To review, steer and champion reduction of University Scope 1, 2 and 3 emissions.
- To report to Environmental Sustainability Leadership Group on carbon emissions, actions and progress.
- To consult, advise and seek feedback from relevant parties.
- To provide technical expertise and analysis.
- To promote new financial models.
- To influence other organisation and leverage multiplier effects to support Manchester City Council.

Frequency of meetings
Bimonthly
