

# **SOCIAL JUSTICE CHALLENGE**

## What is the Social Justice Challenge?

The **Social Justice Challenge** is one of the University's Ethical Grand Challenges. This interactive online activity will get you to think critically about social justice and invites you to explore themes like race, migration, homelessness, mental health, higher education and energy. Successful completion of the Social Justice Challenge counts towards the prestigious **Stellify Award** for undergraduate students.

.....

## How do I complete the Social Justice Challenge?

To complete the Challenge you need to work through the Introduction and two of the themes.

At the end of each theme there is a multiple-choice quiz which you need to pass in order to complete the Challenge.

The Challenge should take around an hour to complete. You can complete it in one go or at your own pace in bite-sized chunks.
