

The University attracts world-renowned researchers and teachers and boasts no fewer than 25 Nobel Prize winners amongst its current and former staff and students – and more on its current staff than any other UK university.

Ernest Rutherford

John Cockcroft

John Sulston

Andre Geim

Konstantin Novoselov

Current academic staff include Nobel Laureates Andre Geim and Konstantin Novoselov (Physics), John Sulston FRS (Institute for Science, Ethics and Innovation), multi-award-winning Irish writer Colm Toibin (Centre for New Writing) and political scientist Robert Putnam (Harvard/Manchester Institute for Social Change).

Research funding

The University of Manchester is a major global research university, ranked third in the UK in the 2008 Research Assessment Exercise in terms of 'research power' behind only Oxford and Cambridge.

An impressive 65% of our research activity, amounting to 1,194 full-time equivalent staff (FTEs), is judged to be 'world-leading' (4*) or 'internationally excellent' (3*).

Ranking	University	Research Activity at 3* and 4* as measured by number of Full-Time Equivalent Staff
1	University of Oxford	1,580
2	University of Cambridge	1,452
3	The University of Manchester	1,194
4	University College London	1,179
5	University of Edinburgh	1,029
		COURSE LIFECE DAE 2000

The University attracted over £279 million in external research funding in 2010/11

Higher Education Funding Council for England (HEFCE) grants	£83.2m
UK Research Councils	£76.1m
UK charities	£48.9m
Government departments	£32.6m
UK industry and commerce	£14.4m
Overseas	£23.4m
Other sources	£0.8m
Total	£279.4m

Research institutes

Pioneering multidisciplinary Research Institutes have been established at the University to find solutions to some of today's most challenging global issues.

- Aerospace Research Institute
- Biomedical Imaging Institute
- Brooks World Poverty Institute
- Dalton Nuclear Research Institute
- Herbert Simon Institute of Public Policy and Management
- Humanitarian and Conflict Response Institute
- Institute for Science, Ethics and Innovation
- Institute for Social Change
- Institute of Cultural Practices
- Institute of Health Sciences
- Manchester Cancer Research Centre
- Manchester Institute of Innovation Research
- Manchester Institute for Mathematical Sciences
- Manchester Interdisciplinary Biocentre
- Neuroscience Research Institute
- Paterson Institute for Cancer Research
- Photon Science Institute
- Research Institute for Cosmopolitan Cultures
- Sustainable Consumption Institute

The University has the UK's largest alumni community for a campus-based University and is in contact with more than 240,000 of its former students spread across 200 countries. Many of our graduates hold positions of seniority in business, academia, politics, industry and the media.

Estates investment

The University is undertaking the largest ever capital investment programme in UK higher education, with more than £400 million invested so far in state-of-the-art buildings, contemporary refurbishments and public realm works. A further £250 million investment by 2015 will take the overall spend to more than £650 million.

Core Technology Facility

MIB

University Place

Alan Turing Building

Arthur Lewis Building

John Rylands Library

Recent developments include:

- Alan Turing building (Mathematics, Physics and Photon Science)
- Arthur Lewis building (Environment and Development and Social Sciences)
- AV Hill building (Life Sciences)
- Chemistry building
- Core Technology Facility (Life Sciences and incubator space)
- Electro-acoustic studios
- John Rylands Library, Deansgate (extension and restoration)
- John Rylands University Library (ground floor refurbishment)
- Manchester Interdisciplinary Biocentre
- Mansfield Cooper lecture theatres (refurbishment)
- Michael Smith building (Life Sciences)
- Multi-storey car park
- Public realm improvements (around University Place, Arthur Lewis building)
- University Place (Student Services, Visitors' Centre, Nursing, Health Sciences and conference facilities)
- James Chadwick building (new build for Chemical Engineering and Analytical Sciences)
- Carys banister building (new wing refurbishment for Optometry)
- Jodrell Bank visitors centre (new build)
- Dalton Cumbria Research Facility (new build)

Ongoing works include:

- Alan Gilbert Learning Commons (part demolition and new build)
- Manchester Museum Ancient World Galleries (refurbishment)
- Manchester Cancer Research Centre (new build)
- Square Kilometre Array building, Jodrell Bank (new build)

Spin-outs and licences

We are one of the best-regarded universities in the UK for our consistently high quality outputs and performance in intellectual property (IP) practice.

- The University has generated more than 100 spin-out companies and has concluded more than 200 technology licences
- Our Innovation Centre (UMIC) contains more than 180,000 square feet for science-based start-up company tenants
- Third-party investments and grants provided more than £190 million to our spin-out companies and IP projects in the last seven years
- Our IP projects and spin-out companies continue to win many prizes and professional recognition awards, including for social enterprises and 'clean tech' inventions and projects
- We established Europe's largest dedicated spin-out Seed Fund in 2008 (The UMIP Premier Fund) with a value of £32 million, which has invested in 12 of the University's spin-out companies and 19 proof-of-principle projects to date. In September 2010, this fund won the All Stars 'Equity Gap Fund of the Year' award
- UMIP, our technology transfer company, won both the Technology Transfer Office of the Year and the technology transfer profession's IMPACT awards in 2009
- 102 Proof-of-Principle IP projects have been initiated and managed by UMIP in the last seven years
- In August 2011, UMIC and UMIP merged to form UMI3 The University of Manchester Innovation Group (Inspire, Invent, Innovate)

Cultural assets

The Manchester Museum, The Whitworth Art Gallery and the John Rylands Library in the city centre are all part of the University. The complete list of cultural assets includes:

Ahmed Iqbal Ullah Race Relations Resource Centre

Cosmo Rodewald Concert Hall

Jodrell Bank Observatory

The John Rylands Library, Deansgate

John Thaw Studio Theatre

The Manchester Museum

Martin Harris Centre for Music and Drama

Tabley House Stately Home

The Whitworth Art Gallery

Jodrell Bank Observatory

The John Rylands Library, Deansgate

The Manchester Museum

Martin Harris Centre for Music and Drama

Tabley House Stately Home

The Whitworth Art Gallery

At a glance

Mission and vision

"By 2020, The University of Manchester will be one of the top 25 research universities in the world..."

The University is a world-class higher education institution, ranked 38th in the world and 6th in Europe in the 2011 Shanghai Jiao Tong World Ranking.

Student numbers	A 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1
