1. INTRODUCTION

FAILURE TO FOLLOW THESE INSTRUCTIONS MAY RESULT IN THE FACULTY/SCHOOL REJECTING THE DISSERTATION FOR EXAMINATION

1.1. This guidance relates to the examination at The University of Manchester and applies to full-time and part-time postgraduate research students of the following degrees:
   - Master of Science by Research (MSc)
   - Master of Enterprise (MEnt)

1.2. This document can be provided in a range of alternative formats (e.g. large print) on request from the appropriate Faculty/School Graduate Office.

1.3. If any part of what follows is not clear, or if anything in particular is not covered, please contact the appropriate Faculty/School Graduate Office or Manchester Enterprise Centre (MEnt) for advice before submitting the electronic version of the dissertation. Faculty/School contact details can be found in Appendix 1.

1.4. All postgraduate research students are required to submit electronic versions of their dissertation (examination, re-examination and final corrected versions) via the eThesis Submission System.

1.5. Candidates are advised that Examiners can refer a dissertation for re-examination or reject the dissertation if the quantity of typographical errors indicates careless proof-reading.

2. GENERAL SUBMISSION INFORMATION

2.1 All dissertations must be submitted electronically, via the eThesis Submission System, as a single Portable Document Format (PDF) file (irrespective of the number of bound printed volumes) and plain-text metadata record. A plain-text description needs to be supplied for non-digital materials and digital materials that are unsuitable for electronic submission. Where there are non-standard submissions for particular programmes, local Faculty/School guidance should be referred to for further information.

2.2 For dissertation submissions which are due to be examined, two identical paper copies must be printed from the submitted electronic version of the dissertation. The submission window in the eThesis Submission System will close 3 days before the final
submission deadline to allow time for printing and binding the paper copies. Each volume of the print copies must include the approved electronically generated cover-page (see section 6.1.a) that is produced as part of the electronic submission. Print copies must be produced on paper of international standard size A4 (210 x 297mm). No other paper size is acceptable for the main text of a dissertation. Paper of a larger size may be used for maps, plans, diagrams or other illustrations forming part of the dissertation if the supervisor agrees that this is required. Where such large sheets are used, or non-paper materials are submitted as part of a dissertation, they must be placed in a pocket inside the back cover of the dissertation or, if substantial, in a separate volume or folder bound and lettered as described in section 4: supplementary items cannot be accepted in any other form. For the final version of the dissertation, only electronic submission via the eThesis Submission System is required; paper copies are not required, except where certain programmes are exempt. All dissertations which are submitted for examination or re-examination still require paper copies to be submitted (more information can be found in the resubmission and re-examination policy). Students should contact their Faculty/School Graduate Office for guidance on whether their programme is exempt.

2.3 Candidates must consult their programme director/supervisor for guidance on the length of the dissertation and for information on submission deadlines.

2.4 The bibliography or list of works cited, any appendices or acknowledgements, declaration and copyright statements are excluded from the word count.

2.5 Where quotations/data in other languages is included in the thesis along with the English translation, only the English translation should be included in the thesis word count.

2.6 Students must ensure that material that is authored by a third-party that is used in their dissertation is free of any copyright restrictions and/or they have obtained a licence or permission to use these materials. Students should ensure that any such licence/permission extends to the use of the materials by The University for administrative purposes, including examination and preservation of their work. Furthermore, if the student intends to make their electronic dissertation available to others for download they should ensure the licence for use of these third-party materials extends to this use. Alternatively, students may make available to others a redacted version of their dissertation which excludes the third-party material.
2.7 Where internet citations are used in a dissertation, candidates should include the website detail and the date they accessed the site next to each individual reference. The student should discuss the most appropriate way to include the references with their supervisor(s).

2.8 It is the student’s responsibility to ensure that the dissertation is checked for typographical errors. Any person involved with professionally proofreading a dissertation should solely be checking for grammatical/spelling errors, and should not comment on the content of the dissertation. Further guidance on proofreading can be found in the University statement on proofreading.

2.9 A dissertation may include reprints of material published by the candidate as sole or joint author. If reprints are to be bound into the dissertation, they must be included in the dissertation pagination, according to the instructions below, or placed in a pocket inside the back cover of the dissertation.

3. MATERIAL SUBMITTED WITH A DISSERTATION

3.1 Additional DVD/CD material to be included as part of a student’s final electronic submission should be submitted to the University library, via the Faculty/School Graduate Office or Manchester Enterprise Centre, where it will be linked to the main dissertation by the eThesis Submission System ID number.

3.2 Guidance for submitting supplementary materials such as CDs or DVDs containing audio-visual content or appendices can be found at http://documents.manchester.ac.uk/display.aspx?DocID=24827

4. ENGLISH LANGUAGE REQUIREMENTS

4.1 All dissertations must be written in English; quotations, however, may be given in the language in which they were written. In exceptional circumstances, a candidate may apply to the University for approval to submit a dissertation predominantly written in a language other than English.

4.2 This request must be fully justified on academic grounds and permission will only be granted where the language is directly linked to the research project, e.g., if the language itself is the object of study, if the literature or material studied is produced in that language, or if the language is spoken in the region being studied.
4.3 The application to write in a language other than English must be submitted by the end of month six of the student’s programme and must be accompanied by the written support of the Supervisor(s). The main Supervisor and at least one member of staff independent of the Supervisory team must attend a meeting to discuss the application to submit a dissertation in a language other than English. The Graduate Office may reject the application if the student cannot provide a compelling reason for submitting in a language other than English.

4.4 The abstract of a dissertation written in another language must be presented in English as well as in the other language. In addition, an extended summary of the dissertation, written in English must be included with the dissertation (5,000-10,000 words), including the table of contents, an introduction, brief chapter outline and conclusion.

4.5 The oral examination should normally be conducted in English. In exceptional circumstances, the internal examiner may request permission from the Faculty Graduate Office to conduct the oral examination in a language other than English. Permission must be sought by the end of month six of the student’s programme and be supported by a clear academic justification. The examiners’ report must still be written in English.

5. FORMATTING

5.1. For the main text, double or 1.5 spacing in a font type and size which ensures readability must be used (for example 10 point in a font such as Arial, Verdana, Tahoma and Trebuchet or 12 point in Calibri, Times, Times New Roman, Palatino and Garamond); single spacing may be used for quotations, footnotes, references and preliminary pages. Pages may be single or double-sided.

5.2. The candidate may choose the style of bibliographic citations and references must be consistent throughout the dissertation; general guidance can be obtained from the candidate’s Supervisor.

5.3. To allow for binding, the margin at the binding edge of any page must be not less than 40mm; other margins must be not less than 15mm.

5.4. Page numbering must consist of one single sequence of Arabic numerals (i.e. 1, 2, 3 ...) throughout the dissertation, starting with the title page as page number 1. Page numbers must be displayed
Policy for the Presentation of Dissertations: Master of Science (MSc) by Research & Master of Enterprise (MEnt)

on all pages **EXCEPT** the title page(s). The pagination sequence will include not only the text of the dissertation but also the preliminary pages, diagrams, tables, figures, illustrations, appendices, references etc, and will extend to cover all volumes, including the title pages (of both volume 1 and subsequent volumes), in a multi-volume dissertation. **Roman numerals must not be used for page numbering.**

5.5. Blank pages must include the text ‘Blank page’.

5.6. The main text of the dissertation should normally be left justified to aid accessibility and readability of the dissertation.

5.7. Where headers are used they must be consistently applied throughout the dissertation and should not include the name of the candidate.

5.8. Figures or images used in the dissertation must be of sufficient size and clarity.

6 REQUIRED PAGES

6.1. The following items (a-h) **must** be included as preliminary pages of the dissertation **in the order given**:

b. **TITLE PAGE**

   A title page giving:

   i. the full title of the dissertation;

   ii. a statement as follows: ‘A dissertation submitted to the University of Manchester for the degree of Master of [INSERT DEGREE TITLE] by Research/Master of Enterprise in the Faculty of ............’ (Please refer to University Regulation X for a list of correct Faculty and School titles and refer to University Regulation XI for the correct long and short form of the degree title. Both sets of Regulations can be found at: [http://documents.manchester.ac.uk/DocuInfo.aspx?DocID=10970](http://documents.manchester.ac.uk/DocuInfo.aspx?DocID=10970)).

Where a dissertation consists of more than one volume, each volume must contain a title page in the form set out above and also include the appropriate volume number, and the total number of volumes, e.g. Volume I of III.

A dissertation which is referred for re-examination must bear the year of *resubmission* on both the spine and the title-page and not the year of the original submission; a Notice of Resubmission Form and the appropriate fee are always required.

c. **LIST OF CONTENTS**

7 BINDING AND PRESENTATION

7.1 In addition to the electronic submission, the University requires two printed copies of the dissertation for examination of MSc by Research and MEnt dissertations. Final versions of dissertations post examination should only be submitted in electronic format; a print submission is not required. Candidates who are on a programme which is exempt from electronic submission should contact their Faculty/School Graduate Office for further information.

7.2 The two approved binding options for examination dissertations are listed below. **Dissertations in ring binding, spiral binding or any other non-approved bindings will NOT BE ACCEPTED.**

a. Standard hard-binding: sewn or glued, with **gold lettering on the spine.**

b. Temporary soft-binding: acetate or plain card front cover, soft plain card rear cover, glued spine, or channel bound, with **gold lettering on the spine.**
7.3 The spine must be **inscribed in gold lettering** with:

a. the degree for which the dissertation is submitted;

b. the name of the candidate (full forename, middle initials, family name);

c. the year of submission (or resubmission); and

d. If the dissertation is in two or more volumes, the volume number and the total number of volumes (*please note that it is not recommended that any single volume of a dissertation is thicker than approximately 6cm - if it is greater than this, it is recommended that the dissertation is split into two or more volumes.*)

These must run from the top of the spine. Please note that writing on the spine with a gold pen is **NOT** acceptable.

**Example of Spine:**

<table>
<thead>
<tr>
<th>Front Cover</th>
</tr>
</thead>
<tbody>
<tr>
<td>MSc (OR: MSc Dissertati on) (at top)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Back Cover</th>
</tr>
</thead>
</table>

The forename(s) and family name on the spine and title page must be the same as those under which the candidate is currently registered at the University. Give first forename in full, other forenames (if any) as initials, then family name. Candidates can contact their Faculty/School Graduate Office if their details are not correct on the student system.

7.4 **All other instructions on the presentation of dissertations** (information required on the title page, preliminary pages, separate abstract etc) **contained in this policy must be observed, and identical binding (i.e same colour and style) must be used for both copies of the dissertation.**

7.5 Candidates **must not** make any amendments to their dissertation until they have been notified officially by the appropriate
Faculty/School Graduate Office of the outcome of their examination and at this stage they will be informed of the next steps to be taken. Once examination of the dissertation has been completed candidates must submit an electronic copy of their final dissertation only if the Examiners have recommended box 1A, 1B or 1C. Candidates recommended box 2A, 2B, 2C must only submit their final electronic dissertation after their corrections have been approved by the Internal Examiner.

7.7 Any dissertation submitted at first submission with more than one volume must be combined into one submission for the final electronic submission and all references to an additional volume must be removed from the text within the dissertation.

7.8 Submission of the final electronic dissertation must be identical in content (apart from any corrections required by the Examiners) to the dissertations previously submitted for examination.

7.9 **Candidates will only receive their official degree result** (and therefore be eligible to graduate and receive their degree certificate) **once the appropriate** Faculty/School Graduate Office or Manchester Enterprise Centre **has acknowledged receipt of the electronic copy of the final dissertation.**

8. LIBRARY ACCESS/RESTRICTION

8.1. Electronic versions of ALL submitted dissertations are deposited in the University of Manchester’s institutional repository, Manchester eThesis Submission System.

8.2. Electronic copies of the successful dissertation will be retained by the University for use as applicable. Access to dissertations is subject to the user agreeing to a copyright undertaking.

8.3. The author of the dissertation is expected to make the dissertation open access within 12 months of submission or earlier and is not expected to place any restriction on access to his or her work. Access to the final electronic dissertation is set as part of the student declaration during electronic submission of the first ‘examination’ version of the dissertation.

8.4. If it is considered that because of some exceptional circumstances, access to the electronic dissertation should be embargoed or restricted in some way, the student must indicate this at the point of electronic submission of the examination version of the dissertation. All access settings will be subject to the final approval of the supervisor.
8.5. The University reserves the right to restrict access to a dissertation that was initially made open access without prior permission from the author. This is to accommodate where, for example, copyright infringements are subsequently reported to The University.

8.6. Schools must develop contingency plans in the event of technical difficulties for the submission of dissertations in accordance with the University’s policy on eAssessment.
