Services we provide

Security Services provide security across all of the University's campuses, address and develop measures aimed at crime reduction and manage access control systems.

The Security Services Manager is supported by a Chief Security Supervisor, an Access Control Manager, an Administrator and a team of security staff.

The Security Service is the first point of contact, providing advice, liaison and assistance in the following areas;

- Minimising, preventing and detecting crime and its effect on campus
- Provide 24 hour high visibility patrols to all areas of the campuses
- Monitoring the quality of service delivery by external service providers (external security contractors) for CCTV and alarm monitoring
- Providing the most appropriate and up to date security and personal safety advice and training to staff, students and visitors to the campuses
- Providing support to the Car Parks Team if necessary particularly out of hours by allowing access to the campus and its car parks as appropriate
- Provide first aiders, suitably trained to the First Aid at Work standard
- Ensure the safety of VIP visitors in liaison with the police and other agencies
- Providing a co-ordinated response to any emergency situation ensuring full support, advice and assistance is given to the Emergency Incident Manager (EIM)
- Compile and monitor statistics in relation to crime trends, alarm activations and insecurities to allow for a targeted and focused response
- General advice regarding security issues
