

Your Manchester Insights London Lecture

The Global Energy Crisis

Addressing the Major Energy Challenges of the 21st Century

Your Event Invitation

It is with great pleasure that I invite you to this year's Your Manchester Insights London Lecture. This special event will take the form of a panel discussion including two of our globally recognised academics from the Faculty of Engineering and Physical Sciences and an alumnus who is an expert in the energy field.

The Faculty of Engineering and Physical Sciences is one of the largest in the UK with a staff of leading UK researchers in areas of energy, climate change, sustainable development and more. With a long history of distinguished achievement, including the most recent Nobel Prize for Physics, and a strong reputation for teaching and learning, the Faculty has the ambition of becoming one of the leading faculties of Engineering and Physical Sciences in the world.

Your Event Details

Thursday, 20 October 2011, Royal Over-Seas League, London, 7pm

Starting the discussion with some of the key challenges in the global energy crisis, our panel of experts will cover nuclear power, renewable energy, fossil fuels and how we can tackle the major challenges for the 21st Century.

We are delighted that Professor Colin Bailey, Vice-President and Dean of the Faculty of Engineering and Physical Sciences will chair the panel which will consist of Professor Andrew Sherry, Director of the Dalton Nuclear Institute; Professor Ian Cotton, Academic Co-ordinator of Manchester Energy; and alumnus Dr Graeme Sweeney, Executive VP CO2 at Shell (BSc Physics 1973, PhD Mathematics 1977).

The panel will be held at the Royal Over-Seas League, Over-Seas House, Park Place, St James's Street, London, SW1A 1LR, at 7pm, with tea and coffee available from 6.30pm.

There will be a £5 non-refundable booking fee for this event. For further information or to book please contact kathleen.bradbury@manchester.ac.uk

Friends and partners are welcome to attend the lecture.

We look forward to seeing you there!

(Please note, this event has been rescheduled from early June.)
