**POCKET GUIDE**  
2014 entry

# Open days

Come and visit us at an open day:

## 2013

Friday, 21 June 2013

Saturday, 22 June 2013

Saturday, 5 October 2013

## 2014

Friday, 20 June 2014

Saturday, 21 June 2014

Saturday, 4 October 2014

If you can't make it to an open day, you're welcome to join us for a guided visit of our campus or have a look round independently.

We don't want to weigh you down with loads of information, so this pocket guide gives you a list of the subject areas we offer and our essential entry requirement information.

It also introduces you to our university and tells you how to find out more about what it's like to be a student here.

If you'd like a copy of our full 2014 undergraduate prospectus, you can order or download one at [www.manchester.ac.uk/ug/prospectus](http://www.manchester.ac.uk/ug/prospectus).

# The University of Manchester

**FIND  
OUT  
MORE**

[www.manchester.ac.uk](http://www.manchester.ac.uk)

We're influential and forward-thinking, down-to-earth and friendly, and we'll give you an amazing university experience that will set you up for success throughout your life.

We've been accomplishing feats of global significance for more than 180 years, from inventing the modern computer to splitting the atom, and from founding present-day economics to giving the world graphene – the two-dimensional 'wonder material' that is one atom thick, but 200 times stronger than steel.

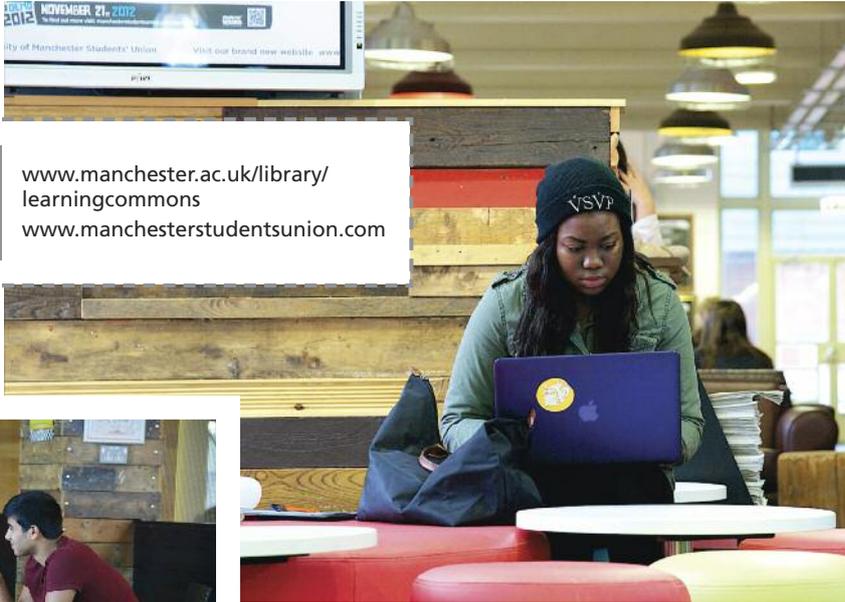

You'll be taught by experts who are recognised internationally as being leaders in their field, and who bring the latest thinking and discoveries into the classroom.

You'll get much more than a degree here. We'll cultivate your independence, challenge you to think differently and make you more attractive to employers – and all at the heart of Britain's most popular student city.

# Our campus

**FIND  
OUT  
MORE**

[www.manchester.ac.uk/library/  
learningcommons](http://www.manchester.ac.uk/library/learningcommons)  
[www.manchesterstudentsunion.com](http://www.manchesterstudentsunion.com)

Packed with excellent facilities, our friendly campus offers everything you need for learning and living. Our 40,000 students from 180 countries create a mini metropolis where a multicultural community comes together to study and relax.

We've already completed the biggest investment in buildings and facilities ever seen at a British university, and we're about to invest a further £1 billion.

You'll get to enjoy one of the largest libraries at a UK university, fantastic sports facilities, our own museum and art gallery, and the ultra-modern Alan Gilbert Learning Commons, which offers flexible study spaces that are open 24/7.

Not to mention our Students' Union, which is the biggest in the country and has its own shops, cafes and bars, as well as four live entertainment venues.

# Our city

We're proud to be at the heart of the most popular student city in the UK. The University is an integral part of this exciting, friendly place and we're certain Manchester will feel like home to you in next to no time.

You'll soon get a feel for our unique character, and you can't fail to be impressed by our boundless creativity. Manchester shakes up the music scene, hosts international festivals and sporting events, and offers top-notch theatres, galleries, museums and restaurants.

With a major international airport on your doorstep, and excellent road and rail links with the rest of the country, Manchester is also one of the most accessible cities in the UK.

# Employability

**FIND  
OUT  
MORE**

[www.manchester.ac.uk/careers](http://www.manchester.ac.uk/careers)

Top employers target Manchester graduates, so we'll give you every opportunity to make important connections and find out about possible careers.

We offer you careers advice from the day you arrive, including help finding work experience to make you stand out from the crowd, mentoring with experienced professionals, and courses and workshops to boost your CV.

Career development will be part of your degree. Rather than just being taught to pass exams, you'll be assessed on the skills that employers value, such as how to work as part of a team, make presentations and tackle problems creatively.

# Study abroad

Our study abroad programme lets you experience life in a different country as part of your course. You can broaden your horizons, experience different cultures, and learn or improve a foreign language.

So with nearly 200 international universities to choose from, and no additional tuition fees, all you've got to worry about is where you want to go. And you don't even have to study a language to take part.

# Accommodation

**FIND  
OUT  
MORE**

[www.manchester.ac.uk/accommodation](http://www.manchester.ac.uk/accommodation)

Finding somewhere to live isn't a problem here. All new first years who are coming to University alone are guaranteed University accommodation, and our huge range of student accommodation means we've got something for everyone – from modern self-catering flats to traditional collegiate-style halls of residence.

Our halls are based either at the heart of our campus, at Victoria Park about 2km away, or in Fallowfield, a bustling student suburb less than 3km from the University.

And if you don't want to live in halls, we can point you in the right direction of the best privately rented student accommodation in Manchester.

# Support

**FIND  
OUT  
MORE**

<http://my.manchester.ac.uk/guest>

We may be big, but we're very friendly and we want to make sure you get all the help you need. That's why you'll have access to specialist support services to keep you on track academically and personally.

Our experienced and sympathetic staff will help you find a solution to any difficulty, whether it's financial, personal, academic or administrative. Specialists in our Disability Support Office can assist with any additional requirements or adjustments, while our University Counselling Service has trained counsellors who can talk through any personal problems.

Or if you'd rather speak to fellow students, you can use the Students' Union Advice Service, which is staffed by professional advisors and specially trained student officers.

# Your course

We have more than 400 courses to choose from, and we offer multidisciplinary options so you can tailor your degree to your interests.

The following pages show our full list of courses and entry requirements.

Please note that entry requirements are indicative only, and don't include all our subject-specific or GCSE requirements.
