### Regulations:

- All Level 4 HGERM students must take GERM50510
- All Level 4 HGERM students must take a dissertation (students can only take one dissertation module)
- All Level 4 HGERM students must choose 60 additional credits of optional course units (Lists C-E)

### After following Steps 1 to 5 below, all Level 4 HGERM students must have:

- Total selection of exactly 120 credits
- A minimum of 40 GERM coded modules
- A minimum of 40 History modules, which can include HIST30970 and all modules listed in Lists D and E
- Course units which do not clash – **check the timetable**

### Note on Allocation of Credits Across Semesters and HIST30970:

- **Students may take no more than 70 credits in any one semester** (including 20 credits per semester for the 40-credit dissertation). Students would be advised not to exceed 60 credits (including 20 for the dissertation) in semester 2.
- Students must plan their dissertation research schedule appropriately, and in consultation from welcome week onwards with their appointed dissertation supervisor.
- The semester in which a course is taught is identified by the last digit in the code (eg HIST30101 = Sem. 1). A 0 (zero) final digit, e.g. HIST30970, indicates that the course is taught across both semesters and the total credit weighting for the unit is to be divided equally between semesters.

Please note that swapping or dropping full-year optional modules is prohibited after week 2 of semester 1.

Please ensure that you have read and understood the accompanying guidance document here:
