# UNDERGRADUATE OPEN DAY

Saturday 5 October 2013  
10am – 4pm

# PLANNING YOUR DAY

Thank you for choosing to attend The University of Manchester's Undergraduate Open Day. By visiting our campus you will be able to gain a real insight into the student experience and life at The University of Manchester. You will have the opportunity to find out more about the courses you are interested in, meet current students and University staff, as well as attend sessions on key student issues such as accommodation and student finance. We hope you enjoy your visit and take full advantage of the programme we have put together for you.

## Planning your day

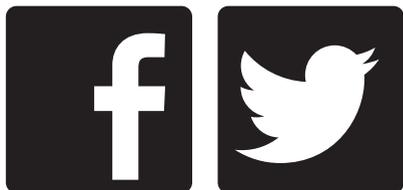

In order to get the most from your day we recommend that you take time to plan your visit. There is a lot to see and do so we have included a visit planner at the back of this programme to make sure that you don't miss any of the sessions that you want to attend.

We do advise that where possible you arrive early to your sessions as some will be very popular, in these cases we may limit admittance to one student and one visitor or students only.

As you make your way through the programme and start to plan your day, you will see that next to the building names/session venues there is a number in brackets. This indicates the building number as listed on the campus map on pages 24-25 and will help you to navigate around our campus. If you are having any problems on the day in finding a building please ask a member of our Open Day Team dressed in purple, they will be happy to direct you.

If you have any questions relating to University's admissions processes or policies please visit one of our welcome desks in University Place (37) or Whitworth Building (51) and speak to a member of staff.

Please note: We are constantly improving our campus so there might be areas undergoing refurbishment during our October Open Day.

## Stage 1

---

Decide which subject sessions you want to attend – you can attend more than one, so just look at the timetable on pages 2 to 11 to see which ones suit you best. If you are interested in Medicine, you will need to have pre-booked your place via the online registration form.

You can also find out more about your subject by visiting the relevant Subject Exhibition Stand. These are listed in the subject sessions in the tinted boxes on pages 2 -11. These will be open from 10am – 3.30pm and will provide you with the opportunity to speak with staff and current students on the course.

# 2

## Stage 2

---

We have general information sessions running throughout the day covering topics such as Careers, Student Finance and Accommodation. Have a look at the full list on page 12-14 and fit the ones you want to attend around your subject sessions.

# 3

## Stage 3

---

Finally, we have a variety of Student Experience activities organised such as Campus Tours and Students' Union Tours. We also have a Student Experience Exhibition, which will have information stands on areas from Sport and Student Finance to Accommodation and Study Abroad. ## These are our tips on making the most out of your day:

- Our Open Days are very popular events and sessions can sometimes become full. To avoid disappointment we suggest where possible you arrive early.
- Check the programme to see when sessions occur for your subject of interest. You can attend sessions for more than one subject if you want to.
- Decide on your subject sessions first, and work the general sessions around these.
- Some sessions may be limited to one student and one guest when busy.
- Campus tours run all day – work these around your subject sessions.
- Most sessions finish ten minutes before the scheduled finish time to allow you time to get to the next session.
- Wear sensible shoes and bring a raincoat or umbrella. Bring a bag for any literature you might pick up.
- Don't forget to make time for lunch. There are plenty of outlets around campus that are open all day, so you can have lunch whenever suits you.
