

## Welcome to the March 2014 Entertainment Guide for the **Palace Theatre** & **Opera House**, Manchester.

Have we done it again or have we done it again? Just look at the amazing shows that are on their way to both the **Palace Theatre & Opera House** this year.

The magnificent **Jersey Boys** tells the true life story of four boys from the wrong side of the tracks who wrote their own songs, invented their own unique sound, and sold 175 million records worldwide.

The Greatest Show on Earth – **Barnum**, starring **Brian Conley**, is an exhilarating Broadway musical that follows the irrepressible imagination and dreams of Phineas T. Barnum, America's greatest showman, who lit up the world with colour, warmth and the excitement of his imagination.

In 1997, a British film, **The Full Monty**, about six out of work Sheffield steelworkers with nothing to lose, took the world by storm. **Simon Beaufoy**, the Oscar winning writer of the film, has gone back to Sheffield where it all started to rediscover the six men, the women, the heartache and the hilarity of a city on the dole.... only this time they're live on stage.
