"Coming from Spain, the day I moved to university was also the first time I ever visited the UK. I was excited, but at the same time I felt lost and confused and I did not know what to expect. It was a major relief to have someone smile at me as soon as we got to the airport, welcome our group and guide us through the start of our new life.

I cannot count the amount of times I stopped a student ambassador to ask for the simplest things such as the location of buildings or the workings of buses and transport. It was very helpful but overall, what counted the most was the feeling that the University cared about us, the newcomers."

Student life isn't just about studying. It's about making friends, taking a stand, having fun and exploring a new city.

We're the UK's largest Student Union and we're run by students, for students. We provide you with the space, resource and money to make the most out of your time at University.

The Students' Union is the voice of the student body, representing the views and interests of our students to the University and on a local and national scale. Through our elected Exec Team and our democratic decision-making processes, we ensure that all of our students have a say on how their Union is run.

We help the University to make decisions that are in the interest of our students and we support and run key campaigns for positive change. We also offer training and development opportunities for students and we are responsible for over a thousand course and student representatives, ensuring your views are always represented.

The Students' Union is at the heart of student life and we've got an activity to suit everyone. Whether you're a committed fundraiser, have a passion for volunteering or simply want to meet like-minded folk, we've got it covered. With over 300 societies ranging from Knitsoc to Scuba Diving, you're sure to find a society for you. If there isn't one...we'll help you create your own!

We know that leaving home for the first time can be daunting, so our Advice Service is on hand to help out with personal, academic, financial and accommodation issues. This service is completely free, totally confidential and run by professional advisors who are independent from the University.

In our building you can enjoy a freshly brewed coffee in Biko's cafe, grab a meal deal from the Union Store or relax over a pizza and a drink in the Union Bar. We're a charity, so every penny you spend at the Students' Union is reinvested into developing and improving services for students.

The Students' Union is also home to Manchester Academy, one of the UK's most iconic music venues. We also stage Pangaea, Europe's largest student-led festival. Taking place three times a year, Pangaea sees over 6,000 students descend upon the Students' Union for a night of music, mayhem and mischief.
