The Lounge at Christies Bistro

Welcome to Christie's Bistro – perhaps one of the university's most breath taking venues on campus. Based in the old Science Library of Owens College, it still remains one of the institutions best kept secrets.

Christie's is the perfect place to relax with friends and colleagues, and hopefully our hospitality will add to your experience.

The lounge menu aims to offer a variety of mouth-watering sandwiches and light bites for you to choose from, as well as some tasty desserts and snacks. And it doesn't stop there... Our drinks menu offers a wide range of coffees, loose teas and soft drinks. Should you prefer something a bit stronger, we boast an extensive wine list which we hope you will enjoy.

Our Executive Chef, Matt Burke, uses locally and ethically sourced, organic, free range and Fairtrade ingredients where possible.

.

Christie's Bistro is now part of a new department – The Chancellors Collection, which focuses on delivering high quality food and customer service in some of the most prestigious and iconic venues at The University of Manchester. These venues include Cafe Rylands at The John Ryland's Library on Deansgate, and Cafe Muse at the Manchester Museum.

We are very passionate about the food and drink that we serve here at Christie's, and if you have any feedback or suggestions, please complete one of our customer comment cards and post it in the suggestion box in the lounge area.

To keep up to date with all the latest developments, as well as the latest special offers which we have running, follow us online on Facebook and Twitter.

We hope you enjoy your meal with us.
