MANCHESTER GOLD AUTUMN 2014: MENTORS BY INTERNATIONAL LOCATION

Current mentors available on Manchester Gold for Autumn 2014 are listed in this document by the country that they are based in.

Mentors from the EU and UK are not listed on this sheet – just those from outside of these areas. You can view the additional lists which are organised by industry sector or subject studied to see mentors available regardless of their location.

You are very welcome to make an application even if you can't see anyone in your chosen country as this list is just a guide for you. If there is not a mentor based in your chosen location working in your chosen sector or role, please apply anyway as there may be mentors based elsewhere who fit with your sector/role.

If disclosed, the gender of the mentor has been listed. You can choose to apply for a mentor from a specific gender – please let us know on your application that you would like to be matched with a mentor of a specific gender.

Mentors are grouped by country and listed by their reference number, sector, organisation, job title and gender. For example:
