

If you are thinking of putting in a bid to a funder you might find it useful to consult with other people who have bid successfully to those funders. This table provides a list of all the people in SEED who have successfully made bids to funders over the last five years. The funders are listed in alphabetical order, and then so are the successful bidders, also with an indication of which year they received the award.

Please note the following health warnings about this list and using it to seek advice

1. The people named here may no longer be working at the University of Manchester
2. The people named here may have been a marginal co-investigator on the grant, or had so many that they have since forgotten about it, and may not be well placed to advise you.
3. None of them will be expecting you to contact them for advice until you do so – so please leave plenty of time when seeking advice and make sure that they can do so at their convenience.

Please send any corrections to this list to the School Research Director.

Dan Brockington

January 2015
