

WELLY WALK

the **Whitworth**

What will you discover on your Whitworth Welly Walk adventure?

Let your feet and your imagination roam free

Explore the great outdoors with our nature inspired rhymes

Green leaf, yellow leaf, red leaf, brown,
Collect the best one you can find on the ground

The willow is wobbling and waving around,
Imagine the drawing it makes on the ground

Busy squirrels whizzing all over the park,
Let's make them a den for when it gets dark

Find one thing that's shiny, one thing that's smooth,
One thing that's squishy, and one thing that moves

Look up close, look far away,
What's the most colourful thing you can see today?

How many steps to the nearest tree?
Let's count them together, one, two three...

When you're in the park:

Run around and let off steam

Visit the play area near the gallery

Bring a picnic if the weather is nice

Take photographs of your journey

Share welly walk adventures and finds with us
on Twitter #WhitworthWellies

Don't pick anything that is living, and remember
to put litter in the bins

When you are ready to head indoors, warm up,
dry off or just relax in our café. There are toilet
and changing facilities in the gallery

If you love the park, why not join the Friends of Whitworth Park?
