

Hi Everyone

This week we are promoting **#GivingTuesday** (Dec 1st), which is an international day of giving after the chaos of the sales

Last year **#GivingTuesday** trended for 11 hours, with people across the globe uploading "UN-selfies" and posting about the wonderful things they were doing.

If you would like to take part this year then why not make a small donation to a charity/ies direct from your pay? If you do this between Monday 30th November and Friday 4th December there will also be an extra £10 added on top!*

It's so simple! **Click here** to get involved now or to find out information on different charities or even work out how much you might like to donate. Once signed up, your donation will start showing on your payslip at some point in the next two months.

P.S. Don't forget to Tweet/post/document your good deeds on social media to encourage others and tag us and Workplace Giving UK! Use the attached UN-Selfie sign.

*minimum donation of £5 per month or equivalent to a charity featured on the Workplace Giving UK website
