

The background of the entire slide is a photograph of the John Rylands Library in Manchester, a large Gothic Revival building with two prominent blue-tiled spires. The sky is blue with scattered white clouds. In the foreground, the text 'MANCHESTER 1824' is displayed in a purple box, and 'The University of Manchester' is written below it. At the bottom, the title 'FACTS AND FIGURES 2016' is overlaid in large white letters.

THE UNIVERSITY OF MANCHESTER

Our Manchester 2020 strategic plan states our mission:

“By 2020 The University of Manchester will be a world-leading university recognised globally for the excellence of its research, outstanding learning and student experience, and its social, economic and cultural impact.”

OUR CORE GOALS

1

WORLD-CLASS RESEARCH

2

OUTSTANDING LEARNING AND STUDENT EXPERIENCE

3

SOCIAL RESPONSIBILITY

WORLD RANKING

The quality of our teaching and the impact of our research are the cornerstones of our success.

According to the 2015 Academic Ranking of World Universities, we are the 41st best university in the world.

Year	World ranking	European ranking	UK ranking
2015	41	8	5
2010	44	9	5
2004*	78*	24*	9*

Source: 2015 Academic Ranking of World Universities

*2004 ranking refers to the Victoria University of Manchester prior to the merger with UMIST.

ACADEMIC PEDIGREE

We attract the highest calibre researchers and teachers, with 25 Nobel Prize winners among our current and former staff and students.

We have three Nobel laureates on our staff – Professors Andre Geim, Kostya Novoselov (both Physics) and John Sulston (Physiology or Medicine). No other UK university has more. And we're led by our President and Vice-Chancellor, Professor Dame Nancy Rothwell FRS, whose research has advanced understanding and treatment of brain damage in stroke and head injury.

We're also home to multi-award-winning writer Jeanette Winterson (Professor of Creative Writing), renowned historian Michael Wood (Professor of Public History) and physicist and TV presenter Brian Cox (Professor of Particle Physics).

RESEARCH AND INNOVATION

Our place as one of the UK's top research universities was confirmed in the results of the 2014 Research Excellence Framework (REF), where 83% of our research activity was judged to be 'world-leading' (4*) or 'internationally excellent' (3*).

Our history of intellectual property commercialisation spans more than 25 years, during which time we've generated more than 100 spin-out companies.

Since 2004 our commercialisation activities have contributed £500 million to the UK economy. More than £300 million of this has come from investment in our intellectual property and ventures, and nearly £200 million from economic benefits generated by our 38 spin-out companies and more than 300 licences.

In 2014/15 we attracted more than
£345 million in external research funding.

TOTAL **£345.5m**

GLOBAL CHALLENGES, MANCHESTER SOLUTIONS

We're addressing some of the world's biggest challenges, from global inequalities to cancer.

We're developing advanced materials to withstand the harshest environments, pioneering the energy systems of the future and developing sustainable alternatives to the world's finite resources.

STUDENTS

We have the largest student community in the UK. We have:

- ◆ more than 1,000 degree programmes;
- ◆ 8,000 rooms in 20 halls of residence – guaranteeing every first-year undergraduate the offer of a place in University accommodation;
- ◆ more than 4.2 million printed books and manuscripts, 40,000 unique electronic journals and 430,000 electronic books;
- ◆ the UK's largest students' union.

	Home/EU*	Overseas*	Total*
Undergraduate study	21,570	5,155	26,725
Postgraduate taught	4,655	3,655	8,310
Postgraduate research	2,305	1,250	3,555
Total	28,530	10,060	38,590

In addition, we have 4,310 students studying wholly outside the UK who are either registered with the University or who are studying for a University of Manchester award.**

GRADUATE CAREERS

We're the most popular university among the UK's top graduate recruiters.*

More than **94%** of our graduates go straight into employment or further study.**

In the 2014/15 academic year:

- ◆ 4,350 recruiters advertised jobs, exhibited at fairs and presented on campus;
- ◆ our Careers Service provided one-to-one advice via nearly 8,000 appointments and 2,000 email communications;
- ◆ more than 3,000 students took part in careers education courses and activities;
- ◆ 633 students were matched with career mentors, many of whom are University alumni;
- ◆ 380 students and graduates secured paid internships via our Manchester Graduate and Student Summer Internship programmes;
- ◆ approximately 1,350 students participated in the Manchester Leadership Programme, which improves employability by giving students an insight into current global leadership challenges and the opportunity to complete local, national and international voluntary work.

Radio frequency engineer
and presenter of the 2014 Royal
Institution Christmas Lectures

◆ **Tom Bloxham MBE**
Founder of Urban Splash and
former Chancellor of the University

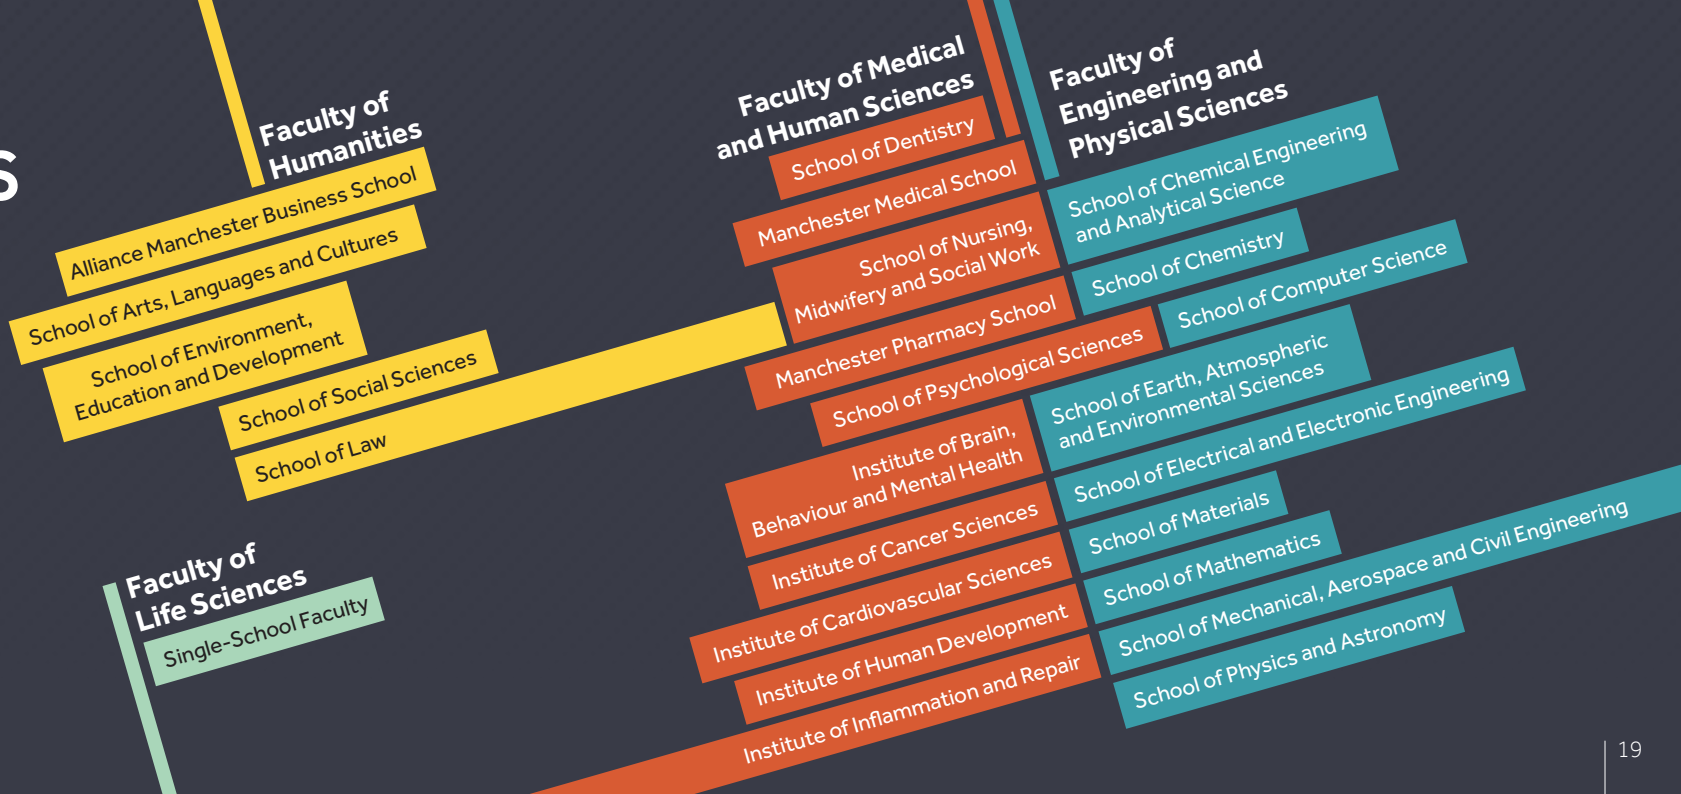

◆ **Frances O'Grady**
First female general secretary of the TUC

FACULTIES AND SCHOOLS

The University is divided into Faculties, Schools, Institutes and hundreds of specialist research groups, all of which undertake pioneering multidisciplinary teaching and research of worldwide significance.*

**From 1 August 2016 the University will be reconstituted so that all academic activity is organised around three Faculties: The Faculty of Biology, Medicine and Health; the Faculty of Humanities; and the Faculty of Science and Engineering.*

STAFF

With more than
12,000 staff
we're one of the largest
employers in Greater Manchester.

£1.01billion.

CAMPUS INVESTMENT

We've embarked on one of the largest capital programmes in UK higher education. This £1 billion, ten-year plan will transform our campus and create world-class facilities for staff, students and visitors in support of our global ambitions.

- ◆ Our campus is the largest estate in UK higher education, with 245 buildings across 270 hectares, and includes 24 listed buildings.
- ◆ Many of our completed projects – such as the Whitworth, the Manchester Cancer Research Centre and the National Graphene Institute – have received or been shortlisted for major awards.
- ◆ At the size of 11 football pitches, the flagship £350 million Manchester Engineering Campus Development will be one of the single largest construction projects undertaken by a higher education institution in the UK.
- ◆ The £175 million Owens Park project in Fallowfield will create 3,000 modern, high-quality student accommodation units and an exciting student hub.

MAKING A DIFFERENCE

We're transforming the social, economic and environmental well-being of our communities through our teaching, research and public events and activities.

- ◆ We've helped nearly 2,500 local people into work through our employment initiative, The Works, bringing more than £37 million a year in savings to the economy.
- ◆ Nearly 3,000 students volunteer their time to social, educational, health, cultural and environmental well-being programmes, locally and globally.
- ◆ As part of our plan for sustainable travel, we've installed 1,000 bicycle stands and 18 bicycle shelters on campus.
- ◆ 433 staff and alumni are making a difference to state schools, volunteering as school governors – more than any other university – generating more than £1 million of economic value.
- ◆ We are one of the UK's most gay-friendly workplaces and have achieved 14 awards and accreditations for gender equality.

WIDENING PARTICIPATION

We're proud to contribute to the expansion of educational, social and cultural opportunities in Manchester and the wider region.

- ◆ We're investing £19.5 million in financial support for students – the highest in the Russell Group.*
- ◆ We give more than 1,000 local school and college students access to our library facilities.
- ◆ Last year more than 970,000 members of the public visited our cultural institutions – Manchester Museum, the Whitworth, Jodrell Bank Discovery Centre and the John Rylands Library.
- ◆ We offer more than 600 widening participation activities to local schools and colleges each year.

** The Russell Group represents 24 leading UK universities that are committed to outstanding research, teaching and learning.*

VISITOR ATTRACTIONS

Explore a universe of amazing ideas at our inspirational visitor attractions.

Jodrell Bank Discovery Centre

As well as being home to the 76-metre-wide Lovell Telescope, Jodrell Bank welcomes people of all ages throughout the year to its Discovery Centre, lectures and cultural events.

Manchester Museum

Our Ancient Worlds galleries bring to life the great civilisations of Egypt, Rome and Greece. Our Egyptology collection is one of the largest in the UK, with around 16,000 objects from 10,000 BC to the Byzantine era.

The John Rylands Library

Our Grade I-listed, neo-Gothic John Rylands Library houses 250,000 printed volumes and more than a million archival items.

The Whitworth

Founded in 1889 as the first English gallery in a park, the Whitworth is home to more than 55,000 works of art. Following a recent £15 million transformation, the Whitworth now has an art garden, sculpture terrace and landscape gallery. The Whitworth collected numerous awards in 2015, including the Art Fund's Museum of the Year prize.
