# How to install printing software in CG18 Ellen Wilkinson Graduate School

1. Click on the Start Menu > all programs > Microsoft Center 2012 R2 > Configuration Manager > Software Centre to launch the software portal.

2. Click "*find additional applications from the Application Catalog*"

3. A new window appears listing all the available software. Go to **Page 3 where you should see Safecom Printer Queues listed.**
4.

Highlight **Safecom Printer Queues** and click the purple **Install** button (bottom right corner of the window)

When you are asked 'Are you sure that you want to install the selected application?' you need to click on the **YES** button.

When successfully installed you should see a message similar to that shown below:

If you have any problems with the above instructions, phone the IT Support Centre on x66376 (0161 306 6376) while you are at the PC.
