

Advanced Pathways

University of Manchester eProg Summary

Each pathway has several different elements that require more detailed information that make up a degree programme. In order to do this, you first need to find the right pathway. To do this, enter eProg Management and 'Manage Pathways'. Then use the search box to find the relevant pathway.

Add Programmes

Select 'Programmes' tab. Available programmes are listed under 'Programmes' in the 'Add Programmes to Pathway' box. Filter the existing programmes by qualifications, durations and disciplines to narrow your search.

Select the required programme and add it to the right-hand box using the arrows. Click 'Add'. **Changes saved** indicates successful programme addition.

Added programmes are now listed in the 'Programmes' tab.

If you wish to remove a programme, select 'Remove' in the first column against the relevant programme.

Add Taught Units

Select 'Taught Units' tab. Available taught units are listed under 'Taught Units' in the 'Add Taught Units to Pathway' box. Select the compulsory taught units by clicking on them.

Move them to the right-hand box using the arrows. Click 'Add'. **Taught units successfully added** is displayed.

Added taught units are now listed in the 'Taught Units' tab.

If needed, you can add a deadline for completion for each taught unit. Click 'Save Changes'.

Changes saved indicates successful deadline addition.
