## UNIVERSITY COLLEGE FOR INTERDISCIPLINARY LEARNING

The University College presents an opportunity for students at The University of Manchester to broaden their educational horizons. It will offer courses that showcase the research and knowledge found at the University and encourage students to go beyond the boundaries of their degree programme. University College courses have been popular with Politics students in the past few years. The link to University College is: <http://www.college.manchester.ac.uk/>

### **Finding your timetable**

You can find your timetable by going to 'My Manchester' and clicking on 'My Timetable' in the left hand navigation. This will take you to a login page where you'll need to enter your student username and password to access your timetable.

If you have indicated to the University that you will be studying online only during semester one, please select tutorial 0 when enrolling on units and we will move you into an online class. You will only be able to select tutorial 0 for semester two course units.

### **Remote Study**

If you are studying remotely (online) in semester one please choose a class section which begins with ON or ONL.

Some Economics units only have an online option for all students.

If a course unit only has one class section option to select (eg TUT0), please choose that.

Here are some [instructions](#) for selecting your course units in Campus Solutions.

Please don't attempt to enrol on your course units until you receive further information during your Programme Welcome Week (w/c 28 Sep)
