

Award-winning insurance provider

Employee Benefit Programme

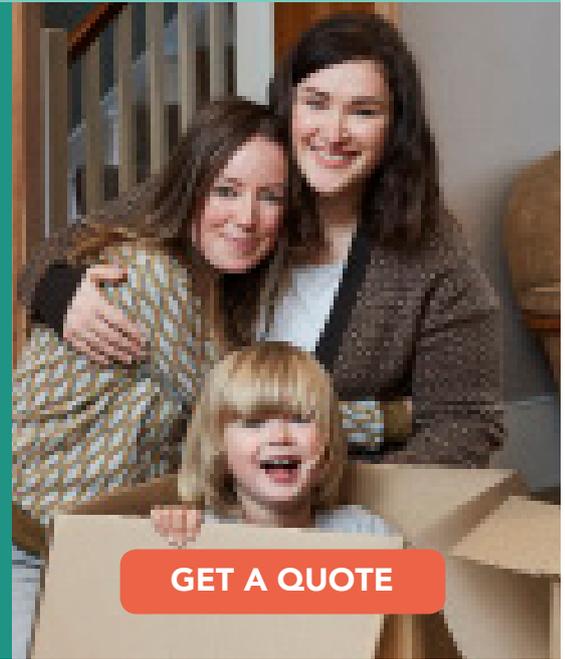

We are delighted to welcome employees, families and friends of University of Manchester to the Emerald Life Employee Benefit Program.

This Benefit Program opens the doors to discounts across Emerald products, with access to special offers and exciting competitions.

Emerald Life is an award-winning insurance provider, closing the gap between real people and insurance. We provide insurance that reflects the diversity of today without charging extra for it. Whoever you are, you deserve to be properly protected.

Emerald also supports community-based projects and charities that promote equality by providing resources and advice, particularly supporting women, the LGBT community and non-traditional families.

From the real people in their real life situation in our adverts, to the people on the other end of the phone at our call centre, Emerald has the UK's diverse communities at its heart.

“

My home & contents insurance quote from Emerald was about 10% cheaper than my existing insurer.

Emma, Tunbridge Wells

It was very quick and easy to get my cover with Emerald and very cost competitive too.

Rebecca, Oxford
