

OUTSIDE THE CLASSROOM

Nurseries, Schools and Colleges
2018-19

the **Whitworth**

Primary Art School

"It was great to see such interest and fun in the activities. There was so much that the staff can now use in the classroom. It was a great day!"

– Primary teacher

Playful, practical and artist-led workshops designed especially for both KS1 and KS2 pupils.

2hr workshop - £120

Choose from:

- Draw
- Make
- Express

Draw

Many artists in our collection express what they see, think and feel through drawing. This playful, hands on workshop encourages your pupils to do likewise. Explore a range of drawing techniques in a variety of media and understand how sketchbooks support artistic practice.

Make

Learn how artists, architects and makers build, shape and create. Working alongside a professional artist-maker, pupils will learn new practical art skills and ways to communicate their ideas in both 2 and 3 dimensions. Choose from printmaking, textiles and 3D.

Digital

From pencil to pixel develop ICT skills and explore the gallery through digital technologies. Choose from Minecraft Pattern-craft, Minecraft Coding and animation.

Express

The gallery is a rich visual stimulus that can help generate ideas, inspire creativity and encourage expression. Working with performers, children will learn to express themselves within their chosen art form. The workshops aims to encourage all pupils to participate and work together in teams to showcase their work in a final mini performance in the gallery. Choose from dance, music and creative writing.

SEN Groups

Experience the gallery in a multi-sensory way. Participate in our interactive tour of the gallery, responding to the different spaces, the exhibitions, inside and outside. Workshops are tailored to suit your groups' specific needs.

Primary Art School workshops - £120

You can use our [online booking form](#) to arrange your Primary Art School session, or for more information [E-mail the learning team](#) or call on 0161 2757453

Primary Masterclass

"How lovely to see youngsters so warmly welcomed into such a prestigious gallery. What magical moments you seemed to provide for the children and the staff"

– School Governor

Leading artists, mathematicians and digital specialists share their expertise. Spark your curiosity and excite young minds with our masterclass series.

We work with leading researchers and academics at [The University of Manchester](#) to bring you an ambitious Masterclass series that could only happen here at the Whitworth. The Whitworth is a gallery that places outstanding research and learning at its heart.

Full day Masterclass - £300

Limited availability - book now to avoid disappointment

Maths Masterclass

29 October – 2 November

The Whitworth are teaming up with the University of Manchester's School of Mathematics to bring new, innovative ways of relating art and maths. Construct objects, explore pattern finding, measure dimensions and learn how 2D shapes can inform 3D objects in this Masterclass programme.

The School of Mathematics is one of the largest mathematics schools in the UK, with more than 1000 undergraduates, 150 postgraduates and 90 academic staff. The school has a rich heritage with education and research.

Remix Music Masterclass

15 – 19 July

Play the Whitworth's building and remix your world. Working alongside multi-disciplinary artists, unlock your artistic capacity and create your own unique piece of sonic art with Pyka assisted by students from the University of Manchester.

Pyka are multi-disciplinary artists who work with schools reconnecting learners to their own creative capacity.

The Music Department at the University of Manchester is a vibrant community of entrepreneurial students, world-leading academics and professional performers whose combination of specialist practical music-making and research-led teaching makes it one of the best in the UK.

Your Whitworth

Supporting you to discover, explore and make the most of the Whitworth through free resources, tours and self led opportunities.

Arts Award: Discover and Explore

What is your Whitworth?

Is it a space for thinking and research, a place to view and find out about amazing artworks or a creative hub to learn and imagine ideas?

Discover and explore is designed to support anyone taking their [Arts Award](#).

Half day - £120

After School Minecraft

We run workshops linked to the biggest gaming platform on the planet – Minecraft. Come along after school to shift, shape and build your own Whitworth experiences in Manchester's gallery in the park. Booking essential.

Self Guided Visits

Lead your class or group around the gallery yourself. We can provide everything you need to design and support your visit.

You can use our [online booking form](#) to arrange your visit to the Whitworth, or for more information [E-mail the learning team](#) or call on 0161 2757453

Primary CPD

Enrich your teaching and extend your practice.

Escape the classroom with an all staff CPD here at the Whitworth. Learn practical, hands on skills with artists ranging from drawing to printmaking. Make personable connections to our collections and take away skills you can use back in the school setting. Why not play our Minecraft resource and develop your coding skills or learn new movement and dance techniques. You can even break the mold and partake in one of our Tai Chi sessions - there's so much to do. Get in touch and build your own experience with us.

Half day - £250

Full day - £350

Studio Nights

Practical art workshops for educators. Explore arts practice, connect with exhibitions, discover new perspectives and meet other educators.

Free, half termly - Booking essential
