STELLIFY

It's about students doing stuff that's good for them and their community.

To help them organise the vast array of activities, we have grouped them under 5 themes

1

Learn without boundaries

Sign up for an academic course unit through University College for Interdisciplinary Learning

Learn a language or take part in the Manchester Enterprise Challenge 2

Understand the issues that matter

Ethical Grand Challenges

Tackle problems relating to equality and diversity, the environment and sustainability, ethics and social justice 3

Make a difference

Volunteer!

Make use of the huge range of volunteering opportunities for students. The Volunteer Hub is a great way for students to find volunteering opportunities that could develop their skills and

confidence

4

Step up and lead

Peer Mentoring, Course Reps, Residents' Association

Student representation, peer mentoring, entrepreneurship, public speaking are, for example great ways to develop leadership skills 5

Create your future

Three Essential Actions to get the most out of the Careers Service

Students can explore career options, gain experience, make informed decisions and set realistic goals

STELLIFY AWARD

To be awarded the Stellify Award students must...

Complete all 3 Ethical Grand Challenges

Sustainability - Yr 1 Social Justice - Yr 2 Workplace Ethics - Yr 3

Complete 40 hours of volunteering

By arrangement, this may include activities undertaken as an extension of students' course work

Complete 2 leadership activities

For example, students could take on a peer support role or become a student rep
