

The University of Manchester

DEGREE CONGREGATIONS

December 2018

in the Whitworth Hall

“Use your head,
but follow your heart.”

Nancy Rothwell

Congratulations

from the President and Vice-Chancellor

I welcome you all – graduands, family members and friends – to The University of Manchester for this degree congregation.

This is a time of celebration and I hope you enjoy this special occasion.

For those of you graduating today, this is also a perfect time to reflect on your time here at Manchester, to think about your successes, achievements and the excitement of the next stage of your journey. As you are presented for conferment of your degree, the University shares with you a great sense of pride in the award you have worked so hard to attain.

I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and, as you collect your degree, know you are ready to take on your next challenge and shape your own future.

These ceremonies mark not the end of your relationship with the University but the start of a new chapter. You are now part of a world-wide network and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the largest global alumni communities.

I wish you every success for the future and hope that you have a truly memorable day.

Professor Dame Nancy Rothwell

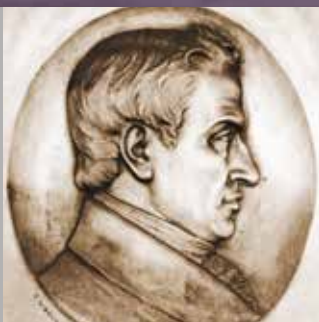

Leading the way

Highlights

2017-18 was an eventful year for the University. Here are some of the highlights.

Manchester student wins 'junior Nobel Prize'

Once again a Manchester student scooped a top prize at the Undergraduate Awards – known informally as the junior Nobel Prizes. Farhana Choudhury won a 'Global Winner' award in the education category for her research exploring the role literacy is playing in changing women's lives in some of the world's poorest countries, while ten other Manchester students were highly commended.

Graduate finally receives her certificate on 101st birthday

A centenarian who completed her degree in 1938 finally received her certificate at her 101st birthday party. Catherine Palmer (née Bolton) came to the Victoria University of Manchester in 1935 to study English. She then had a long and accomplished teaching career, and also had three children – who have now been followed by five grandchildren and three great-grandchildren.

University one of the world's 'most international'

The University of Manchester was ranked the 26th 'most international' university in the world, in an independent analysis by *Times Higher Education*. The University is home to almost 11,000 international students from 190 countries, while in the city of Manchester more than 200 languages are spoken as part of a rich cultural mix. Likewise, the University's alumni community is made up of 380,000 people from across the globe.

Manchester is top of the list for graduate employers

The University of Manchester is the most targeted university in the UK by top graduate employers, according to a new report from independent market research company High Fliers Research. The University attracted the largest number of leading graduate employers onto campus this academic year for fairs, events and other recruitment activities.

Students create 3D-printed robot prosthetic limb for amputees

Students at the University have designed and built a 3D printed, low-cost robotic prosthetic hand that could provide a much cheaper alternative for amputees. The project, devised by Mechanical Engineering Design MSc student Alex Agboola-Dobson and his team, won 'best new development' in the Digital Innovation Challenge at the Industry 4.0 Summit and Factories of the Future Expo in Manchester in March.

Manchester students excel in sport

Naomi Ogbeta, a Politics and Quantitative Methods student from the University was crowned Britain's indoor triple jump champion at the Spar British Athletics Indoor Championships in Birmingham in February. Meanwhile, Peter Speight, a freestyle skier who graduated in History at Manchester last year was selected by Team GB to compete in the Winter Olympics.

Outstanding Academic Achievement Awards

The University of Manchester Award for *Outstanding Academic Achievement* is awarded to the top students in each graduating year based solely on academic performance and consists of a certificate presented at graduation and a cheque for £1,000.

The prestigious award reflects the exceptional performance of the individual graduates during their time at The University of Manchester.

The Affirmation

Wednesday, 12 December
12.15pm and 2.30pm

(new graduates in Nursing and Midwifery please stand)

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a nurse or midwife;
- work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply: "I so affirm".

Congratulations to the Class of 2018 You're now a member of our alumni community

At Manchester we're proud to have the largest global alumni community of any campus-based university in the UK, with over 430,000 graduates in over 190 countries.

We're here to help you maintain a lifelong connection with us and with each other, share experiences and expertise and enjoy alumni-exclusive offers, events, networking and volunteering opportunities. All of our services can be accessed at your.manchester.ac.uk.

The Manchester Network

The Manchester Network is our online professional networking service that helps you get ahead as you search for the perfect career by connecting you with fellow alumni wherever you are in the world and without having to make a long-term commitment.

Find a mentor

The advice and support of alumni who have experience, insights and hindsight can help you make the right choices. You can search our directory of graduates by location, industry or experience to connect with an alumni mentor or recruiter

who wants to offer advice, review a CV or application or offer work experience and internships or even a job to graduates like you.

Working with an experienced professional you connect with on the Manchester Network will mean you can:

- gain an insight into different roles, organisations and sectors;
- seek advice without committing to a fixed-term mentoring relationship;
- develop skills in communication, relationship building and organisation;
- access information and advice from experienced professionals;
- build confidence and commercial awareness;
- demonstrate a proactive approach to improving your employability;
- network and make new contacts.

Be found

You can also use the Manchester Network to update your contact details so that we can help you stay part of the University's global alumni community. From time to time, we can also send you news, invitations to exciting events, and information about volunteering opportunities or ways you can give back to the University.

Create an account now at your.manchester.ac.uk/manchester-network

International networks

Alumni groups are a great way to keep building professional and social networks with fellow Manchester graduates in your region and keep in touch with the University. To find your nearest alumni coordinator visit your.manchester.ac.uk/get-involved/global-networks

Library access

Online

Discounted or free access to e-resources through services including JSTOR will prove invaluable to you in terms of personal research and professional development.

To access a wide range of journals for further study and research visit your.manchester.ac.uk/services/e-resources

In person

As a graduate you will be able to access the Library free of charge when you come back to campus and borrow up to 15 non-high demand books for a semester.

Your future starts here

UNIVERSITY OF MANCHESTER

As a new graduate of The University of Manchester, you have opened up the doors to a whole range of opportunities and we are here to help you to take your first steps into life after university. You'll have full access to the resources and expertise of The Careers Service for two years after you graduate. Here are three things you can do now to prepare for your future.

1

Build and maintain your network

Now is the ideal time to create and update your LinkedIn profile, and to connect with your fellow graduates. You never know who could end up introducing you to your perfect job.

2

Update your CareersLink access

CareersLink hosts thousands of job vacancies specifically targeting University of Manchester students and graduates. As a new graduate, you'll need to update your details so that you can log in with a non-student email address. Follow the instructions when you select "Log in as a graduate"
www.manchester.ac.uk/careerslink

3

Get help with applications, interviews and more

The support we offer covers the whole application process – from guidance if you're unsure what to do next, to helping you prepare for an interview or practice for an assessment centre. You don't have to be in Manchester to use our services, contact us by e-mail, over the phone, Skype or live online chat. If you are in Manchester come and see us in person in The Atrium.

www.manchester.ac.uk/careers/services

Follow these steps and you'll be well on your way to success!

In around 15 months' time, an agency on our behalf will be contacting you to find out what you have gone on to do after leaving university. You'll be invited to complete a survey (the Graduate Outcomes Survey) that will help us find out more about what you are doing in the first months after graduation and inspire future generations of Manchester students.

**GRADUATE
OUTCOMES**

#UoMGraduation

During the course of this event no alarm test or an emergency evacuation practice has been planned. Therefore, if the alarm, which is a single stage alarm is activated it should be treated as a potential incident requiring evacuation.

Graduands and Guests are asked to remain calm and seated and follow the instructions given by stewarding staff.

The Assembly point is on the front quadrangle which is adjacent to the Whitworth Hall in front of the John Owens Building.
