

Research involving animals

carried out at The University of Manchester requiring
a Home Office Licence

At The University of Manchester our research
covers a wide spectrum of disease in the UK
including cardiology, stroke, dementia and cancer

Currently...

Heart and circulatory diseases cause over
150,000 deaths a year.
That's **420 people** a day
or **1 death every 3 minutes**.
(BHF)

164,000 cancer deaths in
the UK each year or **450**
every day (CRUK)

850,000 people with
dementia in the UK, with
numbers set to rise to
over **1 million by 2025**.
(Alzheimer's Society)

More than **150,000 people**
have a stroke **every year**
(NHS.UK)

10,000 people in the UK
are diagnosed with a lung
disease **every week**.
(British Lung Foundation)
