DEGREE CONGREGATIONS

July 2019

in the Whitworth Hall

A portrait of Nancy Rothwell, an older woman with short, white hair, looking slightly to the right. She is wearing a black and white horizontally striped blazer over a black and white chevron-patterned top, with a red belt. The background is a soft-focus green garden with pink flowers in the lower left.

“Use your head,
but follow your heart.”

Nancy Rothwell

Congratulations

from the President and Vice-Chancellor

I welcome you all – graduands, family members and friends – to The University of Manchester for this degree congregation.
This is a time of celebration and I hope you enjoy this special occasion.

For those of you graduating today, this is also the perfect opportunity to reflect on your time here at Manchester, to think about your successes, accomplishments and look forward with excitement to the next stage of your journey. As you are presented for conferment of your degree, the University shares with you a great sense of pride in the award you have worked so hard to achieve.

I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and, as you collect your degree, know you are ready to take on your next challenge and shape your own future.

Your degree demonstrates a commitment to your education, and I hope that you have also taken advantage of the many and varied opportunities that are offered by the University to develop your skills outside of your academic studies. Indeed this year we are delighted to present our first ever Stellify graduates. At Manchester we pride ourselves

not only in our research and education but also in social responsibility and our impact on society. Personalised Stellify activities have instilled in our graduates distinctive attributes. They leave us as socially responsible, resourceful, global citizens who are able to make a positive contribution to society.

These ceremonies mark not the end of your relationship with the University but the start of a new chapter. You are now part of a worldwide network and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the world's largest global alumni communities.

I wish you every success for the future and hope you have a truly memorable day.

Professor Dame Nancy Rothwell

Leading the way

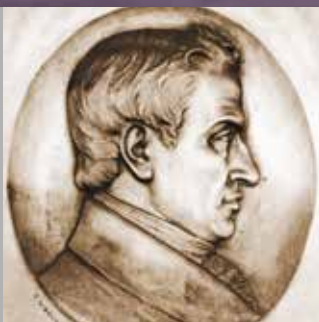

Throughout our history, Manchester has helped shape the world through discovery, knowledge and social responsibility.

STELLIFY

Manchester has always been at the heart of change, looking forwards and forging new paths – this is instilled in our students and graduates through Stellify.

During your time at Manchester you'll have embraced many different opportunities, broadened your horizons, examined and challenged real-world issues, led change and made a difference in local and global communities.

Each Stellify path was unique, but the cumulative impact and influence is far-reaching. We're proud that so many of you graduating today have taken part in Stellify activities at Manchester.

Highlights

2018 – 19 was an eventful year for the University. Here are some of the news highlights.

University reveals next steps in North Campus Development

Manchester started its search for an investor and development partner to deliver a new £1.5 billion Innovation District right in the heart of the city. ID Manchester is the University's vision of a 26-acre dynamic, world-class community with innovation, collaboration and enterprise at its core, generating thousands of new jobs.

Manchester tops new societal impact rankings

The University not only reached its highest-ever position in the Academic Ranking of World Universities and QS Rankings, but it was also ranked as the best higher education institution (HEI) in Europe – and top three in the world in the prestigious new *Times Higher Education* University Impact Rankings.

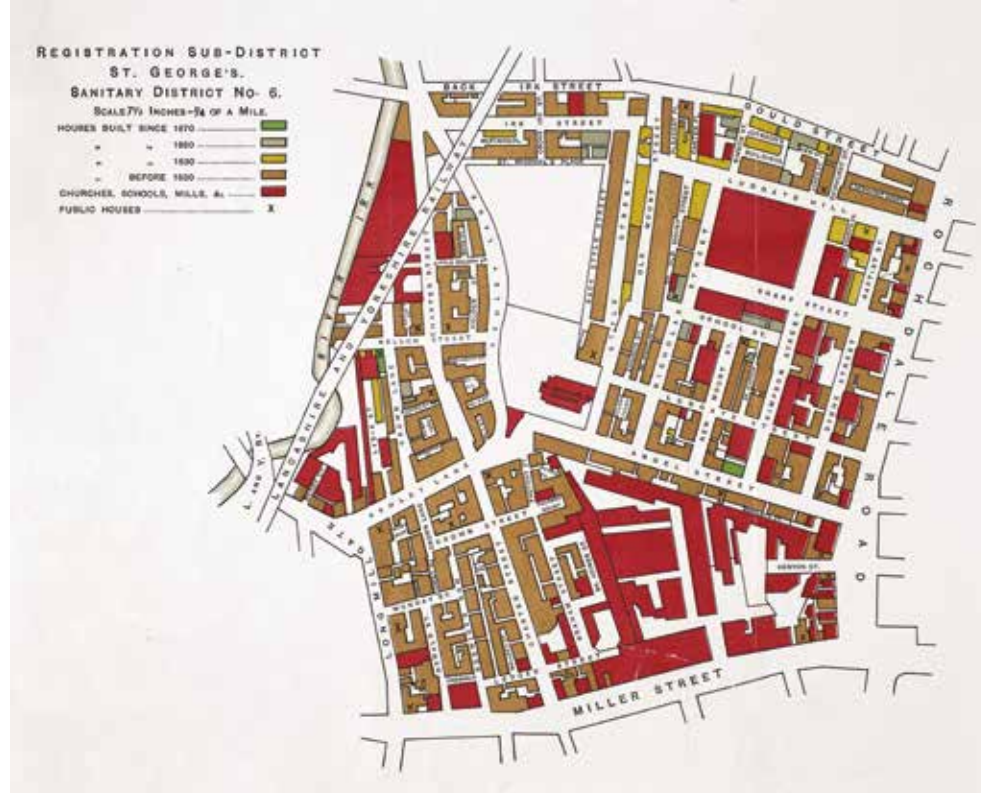

Broadcaster and film-maker joins the University

David Olusoga OBE joined the University as a Professor of Public History. David, who presented the BBC's landmark series *Civilians* in 2018, is one of the UK's foremost historians on empire, race and slavery.

Forgotten maps of Manchester restored

A new project repaired, photographed and shared online forgotten maps of Manchester slums from the early 1880s. The maps had been overlooked for the last 130 years as they had been bound into reports by the city's Medical Officer of Health who used his influence to improve the living conditions of Manchester's citizens.

A plastic free and zero-carbon city

The University announced its participation in an ambitious regional initiative to reduce carbon emissions and plastic use. Along with other institutions in Greater Manchester the University will work to eradicate avoidable single-use plastics across the campus by 2022. In the City of Manchester, the University will also play a major role in the target of the city becoming zero carbon by 2038.

Our best medals haul to date

The University won 13 medals at the annual British Universities and College Sport Nationals, our best haul to date. 124 student athletes went to Sheffield to compete in seven sports including athletics, swimming and karate, returning with four gold, four silver and five bronze medals.

Outstanding Alumni Awards

Each year, Manchester graduates who have achieved distinction in their profession, through exemplary service to the University or the wider community or who have provided outstanding service of a personal or humanitarian nature are presented with the Outstanding Alumni Award.

In 2019, The University's **Outstanding Alumni Award** winners are:

Arnold Ekpe

Arnold Ekpe is a banker with a truly international reach, transforming the economic outlook of millions of people across Africa through a succession of influential leadership roles at some of the continent's leading financial institutions.

An engineer by training, having completed a BSc in Mechanical Engineering, followed by and MBA both at The University of Manchester, Arnold spent the early years of his career working for Schlumberger SA and Alcan Aluminium.

He then moved into banking, working for a host of banks, including Citibank and First Chicago in Africa and the UK.

Arnold's guiding belief, that consumers and SMEs are the engine for future sustainable economic growth in Africa, shaped his career and drove him towards considerable success.

He was twice CEO at Ecobank, with the last appointment being 2005 to 2012, during which time the world was rocked by

the global financial crisis. Ekpe's leadership enabled the bank to become one of the leading pan-African banking groups, developing a presence in more African countries than any of its competitors.

He was directly responsible for mergers, acquisitions and banking transformations across Africa and received the African Banker's Lifetime Achievement Award in 2012.

Today, Arnold remains a key proponent of financial inclusion. Now retired, he maintains active links to the industry by supporting aspiring African entrepreneurs and serving on advisory councils and boards. He is the chairman of Baobab, a pan-African microfinance group based in Paris, an advisor to Dangote Group, and a non-executive director of Crown Agents Bank.

Trishna Bharadia

Trishna Bharadia is an award-winning chronic illness and disability advocate, advising industry, the third sector and the NHS on how to improve the support, services and information available to patients during their healthcare journeys.

Diagnosed with multiple sclerosis in 2008 aged just 28, and living with several other chronic conditions, Trishna has since built a formidable reputation in public speaking, consultancy, and writing and reviewing patient-facing health literature. She is also a regular contributor across radio, television and printed media, and in 2015 was one of six guests chosen to appear on a special edition of BBC1's Strictly Come Dancing – The People's Strictly for Comic Relief.

In 2003, Trishna graduated from The University of Manchester with a degree in European Studies and Spanish. She has worked for most of her career as a translator, analyst and team leader for a business information services provider.

However, it is her advocacy work that has truly set her apart. She acts as an ambassador for charities including MS Society UK, ADD International and ParaDance UK. She is a regular judge for high-profile events, including the MS Society Awards and the QuDoS Awards in MS.

Along the way, she has received several awards. She earned the Points of Light Award from the UK Prime Minister's Office for services to people with MS and chronic illness. She was named Woman of the Year in the Asian Achievers Awards 2018. And she collected the EyeforPharma European Patient Advocate Award 2018.

Her impact has reached the very highest pillars of British society: in 2015, Trishna gave the keynote at an MS Society reception hosted by Samantha Cameron at 10 Downing Street, and she has spoken at several events at the Houses of Parliament.

Dr Robina Shah MBE

Dr Robina Shah MBE is a chartered consultant psychologist and the director of the Doubleday Centre for Patient Experience in the Division of Medical Education at The University of Manchester.

During her career, she has written four books, three training manuals and contributed as co-author to six books and more than 40 government health and social care policy publications. Her first book, *The Silent Minority: Children with Disabilities in Asian Families*, was completed before her 25th birthday.

Robina completed her undergraduate degree in psychology in 1985, before staying at The University of Manchester to secure a doctorate in psychosocial medicine.

During her career, she has held national and international leadership roles with the Department of Health, Ministry of Justice, Royal College of General Practitioners, General Medical Council, Health Education England, and the World Health Organisation.

Robina is a member of the Cross Government Independent

Advisory Group on Hate Crime, chair of the RCGP UK Patients and Carers Partnership, and president elect of the Open Section Council at the Royal Society of Medicine Group. In March 2019, she was appointed to the NHS England National Assembly, 16 years after being awarded an MBE for academic services to disabled children.

Away from her academic life, Robina holds several senior leadership roles in football. She was also appointed Deputy Lieutenant of Greater Manchester in 2006 and High Sheriff for the County of Greater Manchester in April 2018, in a role that serves 2.6 million people and represents The Queen as the Ceremonial Head of the Judiciary. In June 2019, she was appointed Chief Ambassador of the Meet Your Future campaign by the Mayor of Greater Manchester.

A statue of Robina is currently touring the UK as part of a National Trust-supported exhibition celebrating influential women. Its final resting place will be Manchester Museum.

Rebecca Dykes

Rebecca Dykes was a pioneering humanitarian. While studying social anthropology at The University of Manchester, she developed a growing sense of global injustice. After completing her degree, she vowed to do what she could to make a difference.

The early months of her career saw her assigned to postings in Brighton and Bahrain with the Voluntary Service Overseas exchange programme. By 2010, Rebecca was working for Crown Agents in the Conflict, Humanitarian and Security Operations Team.

Four years later she became a civil servant with the government's Stabilisation Unit, which focuses on peace-building in countries affected by conflict.

In 2014, Rebecca joined the Department for International Development, before working as a research analyst with the Foreign Office, specialising in Iraq and Libya.

Having been promoted to programme and policy manager, she travelled to Lebanon, where she focused on improving the lives of Syrian and Palestinian refugees.

In 2017, just hours before she died, she was overjoyed to learn she had secured the future of the Palestinian Youth Project, which improves social stability in Palestinian communities across Lebanon.

Tragically, Rebecca was killed in Lebanon in December 2017, aged just 30. Just hours before she died she was overjoyed to learn she had secured the future of the Palestinian Youth Project, which improved social stability in Palestinian communities across Lebanon. Her legacy continues to this day through the Rebecca Dykes Foundation and its mission to create stable communities in Lebanon and improve the lives of refugees and vulnerable host communities.

The Foundation has already funded a substantial project in collaboration with Christian Aid and Lebanese women's charity KAFA to support a shelter and 24/7 helpline for vulnerable women. It recently announced funding for its second project in Lebanon, which aims to promote women's roles in fostering social cohesion and conflict management through mediation.

The Affirmation

Friday, 12 July
12pm Dentistry,
2pm and 4pm Medics

(new graduates please stand)

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a nurse or midwife;
- work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply:"I so affirm".

The Affirmation

Tuesday, 16 July
10am Nursing and Optometrists
12pm Pharmacists

(new graduates please stand)

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a nurse or midwife;
- work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply:"I so affirm".

Stay connected

Congratulations, Class of 2019

You're now a member of our world-wide alumni community. We're here to help you maintain a lifelong connection with us, Manchester and each other; to continue friendships, share experiences and inspire those who follow in your footsteps.

We're proud to have the largest global alumni community of any campus-based university in the UK. You can now enjoy exclusive alumni officers, events, networking and volunteering opportunities. You'll also have exclusive access to a network of 480,000 graduates holding positions in every field imaginable. Join the Manchester Network to update your contact details so we can keep in touch and update you with news, and so you can still access the library, get advice and support from experienced alumni, or find a mentor. All alumni services can be accessed at your.manchester.ac.uk

Meanwhile, you can keep in touch with us:

 @alumniuom

Forge your future

As a new graduate of The University of Manchester, you have opened up the doors to a whole range of opportunities and we are here to help you take your first steps into life after university. You'll have full access to the resources and expertise of The Careers Service for two years after you graduate. Here are three things you can do now to prepare for your future.

1

Build and maintain your network

Brush up your LinkedIn profile and connect with your fellow graduates. You never know who could end up introducing you to your perfect job!

2

Update your CareersLink

CareersLink hosts thousands of job vacancies specifically targeting University of Manchester students and graduates. Update your details so that you can log in with a non-student email address. Follow the instructions when you select 'Log in as a graduate'.

www.manchester.ac.uk/careerslink

3

Access Careers resources

Get the support you need from guidance appointments, to mock interviews, to assessment centre practice. You don't have to be in Manchester to use our services, contact us by e-mail, over the phone, Skype or live online chat. If you are in Manchester come and see us in person in The Atrium.

www.manchester.ac.uk/careers/services

In around 15 months' time, an agency on our behalf will be contacting you to find out what you have gone on to do after leaving university. You'll be invited to complete a survey (the Graduate Outcomes Survey) that will help us find out more about what you are doing in the first few months after graduation and inspire future generations of Manchester students.

Looking for careers advice after graduation? Subscribe to our WhatsApp group for advice and tips throughout graduation fortnight!

- 1 Add UoM as a contact with the number +44 7920 087466
- 2 Send the message 'Start'

#UoMGraduation

During the course of this event no alarm test or an emergency evacuation practice has been planned. Therefore, if the alarm, which is a single stage alarm is activated it should be treated as a potential incident requiring evacuation.

Graduands and Guests are asked to remain calm and seated and follow the instructions given by stewarding staff.

The Assembly point is on the front quadrangle which is adjacent to the Whitworth Hall in front of the John Owens Building.
