

# Financial Support

## Estranged students

### The University offers:

**Student Finance:** After proving proof of their estrangement, estranged students are considered as independent by the Student Loans Company (SLC) which means that their parental household income is not included in their financial assessment. Therefore, funding is provided based on the student's household income (which may be £0 if they are not working). Estranged students can be eligible for the maximum tuition fee loan (£9,250 for the academic year 2019/2020) and the maximum maintenance loan (£8,944 for the academic year 2019/2020) from the SLC. N.B.: This is not the case for students on NHS courses that started prior to 2017.
