

The University of Manchester

DEGREE CONGREGATIONS

December 2019

in the Whitworth Hall

“Use your head,
but follow your heart.”

Professor Dame Nancy Rothwell,
President and Vice-Chancellor
of The University of Manchester

Congratulations from the President and Vice-Chancellor

**I welcome you all – graduands, family
members and friends – to The University
of Manchester for this degree congregation.**

**This is a time of celebration and I hope you
enjoy this special occasion.**

For those of you graduating today, this is also the perfect opportunity to reflect on your time here at Manchester, to think about your successes and accomplishments, and look forward with excitement to the next stage of your journey. As you are presented for conferment of your degree, the University shares with you a great sense of pride in the award you have worked so hard to achieve.

I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and, as you collect your degree, know you are ready to take on your next challenge and shape your own future.

These ceremonies mark not the end of your relationship with the University but the start of a new chapter. You are now part of a worldwide network and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the world's largest global alumni communities.

I wish you every success for the future and hope you have a truly memorable day.

Professor Dame Nancy Rothwell

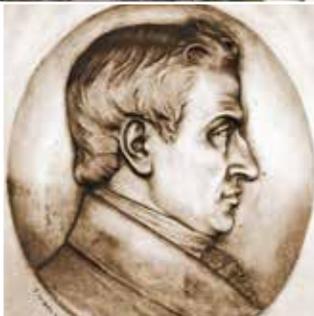

Leading the way

Throughout our history, Manchester has helped shape the world through discovery, knowledge and social responsibility. Our staff and alumni instil in our students and graduates a desire to improve people's lives through research, teaching and investing in the future of others.

STELLIFY

IT'S TIME TO STELLIFY

It's time to Stellify
Be the focus and the vision
Be the brightest in the universe
Be the future, be forward, be driven

Half a million alumni
190 countries across the globe
Over 25 Nobel laureates
Our genetic code

There's stardust in your DNA
You are a meteorite
You are the pen tempting words
You are the lens sensing light

Be 10 thousand degrees
Be light years travelling through time
Be the star of the universe
And shine, shine, shine

Be the star you are searching for
Illuminate the sky at night
Be the success you wished for
Be quicker be faster be bright

Make all the difference
In every single thing you do
Stellify means *to turn into* a star
And the star that turns is you

Highlights

2018–19 was an eventful year for the University. Here are some of the news highlights.

University reveals next steps in North Campus development

Manchester started its search for an investor and development partner to deliver a new £1.5 billion innovation district right in the heart of the city. ID Manchester is the University's vision of a 26-acre dynamic, world-class community with innovation, collaboration and enterprise at its core, generating thousands of new jobs.

Manchester tops new societal impact rankings

The University not only reached its highest-ever position in the Academic Ranking of World Universities and QS Rankings, but it was also ranked as the best higher education institution (HEI) in Europe – and top three in the world – in the prestigious new *Times Higher Education* University Impact Rankings.

Broadcaster and film-maker joins the University

David Olusoga OBE joined the University as a Professor of Public History. David, who presented the BBC's landmark series *Civilians* in 2018, is one of the UK's foremost historians on empire, race and slavery.

Manchester top UK University for graduate employment

In September Manchester was named the University of the Year for graduate employment by *The Times* and *The Sunday Times* Good University Guide. Manchester also topped this year's Graduate Market 2019 report by High Fliers Research showing that among the top 100 graduate employers Manchester graduates tick most boxes.

A plastic-free and zero-carbon city

The University announced its participation in an ambitious regional initiative to reduce carbon emissions and plastic use. Along with other institutions in Greater Manchester the University will work to eradicate avoidable single-use plastics across the campus by 2022. In the city of Manchester, the University will also play a major role in the target of the city becoming zero carbon by 2038.

Our best medals haul to date

The University won 13 medals at the annual British Universities and College Sport Nationals, our best haul to date. A total of 124 student athletes went to Sheffield to compete in seven sports including athletics, swimming and karate, returning with four gold, four silver and five bronze medals.

Outstanding Academic Achievement Awards

The University of Manchester Award for *Outstanding Academic Achievement* is awarded to the top students in each graduating year based solely on academic performance and consists of a certificate presented at graduation and a cheque for £1,000.

The prestigious award reflects the exceptional performance of the individual graduates during their time at The University of Manchester.

The Affirmation

Monday 9th December 10am, 12pm and 2pm

(new graduates in Bachelor of Surgery, Bachelor of Medicine, and Nursing and Midwifery please stand)

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a nurse or midwife;
- work with colleagues in the ways that best serve patients' interests

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply:"I so affirm".

(graduates sit.)

Stay connected

Congratulations, Class of 2019

Welcome to our world-wide alumni community. We're here to help you maintain a lifelong connection with us, Manchester and each other. With access to alumni events, networking and volunteering opportunities you'll be able to share your experiences and inspire those who follow in your footsteps.

We're proud to have the largest global alumni community of any campus-based university in the UK. You'll have access to a network of 480,000 graduates holding positions in every field imaginable. Join the Manchester Network to update your contact details so we can keep in touch and update you with news, and so you can still access the library, get advice and support from experienced alumni, or find a mentor. All alumni services can be accessed at your.manchester.ac.uk

Meanwhile, you can keep in touch with us:

-  /AlumniUoM
-  @alumniuom
-  @alumniuom

Your future starts here

As a new graduate of The University of Manchester, you have opened up the doors to a whole range of opportunities and we are here to help you take your first steps into life after university. You'll have full access to the resources and expertise of The Careers Service for two years after you graduate. Here are three things you can do now to prepare for your future.

1

Build and maintain your network

Brush up your LinkedIn profile and connect with your fellow graduates. You never know who could end up introducing you to your perfect job!

2

Update your CareersLink

Get the support you need from guidance appointments to mock interviews and assessment centre practice. Contact us by email, over the phone, Skype or live online chat. If you are in Manchester come and see us in person in The Atrium. Don't forget you can also attend Careers fairs and events.

3

Access Careers resources

Get the support you need from guidance appointments to mock interviews and assessment centre practice. Contact us by email, over the phone, Skype or live online chat. If you are in Manchester come and see us in person in The Atrium. Don't forget you can also attend Careers fairs and events.

www.manchester.ac.uk/careers/services

In around 15 months' time, an agency on our behalf will be contacting you to find out what you have gone on to do after leaving university. You'll be invited to complete a survey (the Graduate Outcomes Survey) that will help us find out more about what you are doing in the first few months after graduation and inspire future generations of Manchester students.

#UoMGraduation

During the course of this event no alarm test or an emergency evacuation practice has been planned. Therefore, if the alarm, which is a single stage alarm is activated it should be treated as a potential incident requiring evacuation.

Graduands and Guests are asked to remain calm and seated and follow the instructions given by stewarding staff.

The Assembly point is on the front quadrangle which is adjacent to the Whitworth Hall in front of the John Owens Building.
