

Research involving animals

carried out at The University of Manchester requiring
a Home Office Licence

At The University of Manchester
our research covers a wide
spectrum of disease in the UK
including cardiology, stroke,
dementia and cancer.

Currently...

7.4 million people living with a heart
or circulatory disease in the UK
(*British Heart Foundation 2020*)

164,901 deaths from cancer
between 2015 and 2017 in the UK
(*Cancer Research UK*)

850,000 people who have
dementia (*Alzheimer's Society*)

More than **100,000 strokes**
in the UK each year; that is around
one stroke every five minutes
(*Stroke Association*)
