Hb: 978-1-138-24445-0 | £175.00 | \$230.00

eBook: 978-1-315-27690-8

Reviews

"When I open the pages of this Handbook, I find many an entry challenging established wisdom and asking new questions in the field of migration and development. I trust that it will come to be an indispensable source of inspiration for focusing crucial debates and sharpening existing research in this vital area of scholarship."

Thomas Faist, Professor of Sociology of Transnationalization, Migration and Development, University of Bielefeld, Germany

"This volume includes contributions from leading scholars working at the interface of migration and development. The emphasis on inequality and on migration 'corridors' in the Global South offers new insights into the complexity of these relationships and the need to situate migration within wider economic, political and social processes."

Heaven Crawley, Director, UKRI GCRF South-South Migration, Inequality and Development Hub, Coventry University, UK

Routledge Handbook of Migration and Development

Edited by Tanja Bastia and Ronald Skeldon

Series: Routledge International Handbooks

The links between migration and development can be traced back to the post-war period, if not further, yet it is only in the last 15 years that the 'migration-development nexus' has risen to prominence for academics and policy makers. The *Routledge Handbook of Migration and Development* provides an interdisciplinary, agenda-setting survey of the field, charting current and future trends in migration and development research. Given the increasing importance of migration in both international development and current affairs, this book will be of interest both to policy makers and to students and researchers of geography, development studies, political science, sociology and economics.
