Numbers

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

1) Can you remember which one means 'How many?'

Какой цвет?

Сколько?

2) Match the Russian to the English:

Четыре (chetiree)	five
семь (sem)	seven
десять (dyesit)	nine
Один (adeen)	one
три (tree)	two
девять (dyevit)	four
пять (pyat)	ten
два (dva)	three

3) Which two numbers are missing from the grid above?

4) Count these animals:

Какой цвет? – Which colour?

Look at the grid below. Memorise as many as you can. When you think you know them, put your knowledge to the test! Cover the grid and label the colours on the tropical fish below.
