

## Humanities Career Talk and Alumni Panel

Thank you for all the questions you asked. They were a few we were unable to cover.

The questions and answers are below.

1. Can careers at The University of Manchester help to find teaching jobs?  
We can help with teaching jobs in the same way as any other job – we advertise jobs from schools & college. You can find out more on our website [www.careers.manchester.ac.uk/whichcareer/education/](http://www.careers.manchester.ac.uk/whichcareer/education/). We can also give feedback on CVs and do interview practice etc.
2. What about PSW? Does it mean that as an international student you can work after 2 years?  
The new Post Study Work Visa announcement looks like it means just that! You can find out more here:

3. Can international students apply for an internship? Isn't it the case that you can't work more than 20 hours on a Tier 4 visa?  
While international students are still completing their programme, they are subject to the normal 20 hour work limits. With dissertations and projects to complete it would be hard to do a full-time internship over the summer.

In practice, most internships (in the UK) are explicitly aimed at undergraduates. However, PGTs can plan to look for a period of temporary work to get experience after their coursework/dissertation/project is completed – which is what most “internships” really are.
