

The University of Manchester

DEGREE CELEBRATIONS

July 2020

“Use your head,
but follow your heart.”

Professor Dame Nancy Rothwell,
President and Vice-Chancellor
of The University of Manchester

Congratulations

from the President and Vice-Chancellor

Congratulations to the graduating class of 2020 – wherever you are in the world at this time, during these unprecedented circumstances. This is a time of celebration and I hope you enjoy this special occasion with family and friends.

For those of you graduating this summer, this is also the perfect opportunity to reflect on your time here at Manchester, to think about your successes and accomplishments, and to look forward with excitement to the next stage of your journey.

Although you are not here on campus, as you mark your achievements this week, know the University shares with you a great sense of pride in the award you have worked so hard to attain.

I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and know you are ready to take on your next challenge and shape your own future.

These celebrations mark not the end of your relationship with the University but the start of a new chapter. You are now part of a worldwide network and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the world's largest global alumni communities.

I wish you every success for the future.

Professor Dame Nancy Rothwell

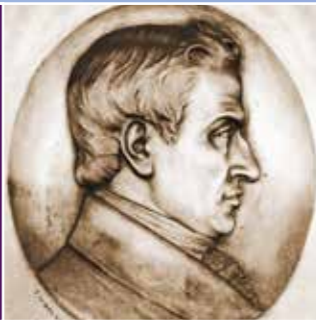

Leading the way

Throughout our history, Manchester has helped shape the world through knowledge, wisdom and humanity. Our staff and alumni instil in our students and graduates a desire to improve people's lives through research, teaching and social responsibility, investing in the future of others.

1851

John Owens

Owens College is formed with the fortune of Manchester industrialist John Owens.

1948

Prof Alan Turing OBE FRS

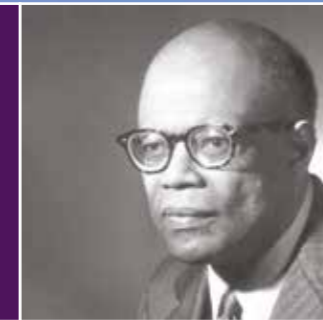

The famed wartime codebreaker joins the University, where he would gain a reputation as the father of modern computing.

1979

Sir Arthur Lewis

Britain's first black professor on joining the University, Arthur Lewis wins the 1979 Nobel Prize for Economics.

2017

Naa Acquah

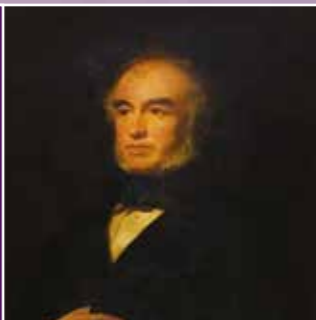

The first black woman to hold the position of General Secretary of the Students' Union, Naa graduates in 2017.

1874

Edward Ryley Langworthy

The Langworthy Chair, a position held by five Nobel Prize winners, is created by the legacy of this donor to the University.

1945

Ellen Wilkinson

Ellen Wilkinson is appointed as Britain's first female minister for education. As a student she won scholarships for every stage of her education.

1998

Prof Brian Cox OBE FRS

Graduating in physics, Brian Cox starts a scientific career that has seen him become a household name through his work to popularise science.

2016

Jean D'Amour Mutoni

Queen's Young Leaders Award recipient Jean, whose scholarship was supported by a donation to the University, graduates with a master's in Medical Microbiology.

1906

Dame Christabel Pankhurst DBE

Later famous for her role in the suffragette movement, she graduates in law at a time when it was illegal for women to practise the profession.

1908

Sir Ernest Rutherford OM FRS

This chemist and physics pioneer, who would later 'split' the atom, becomes the University's first Nobel Prize winner in 1908.

2004

Prof Alan Gilbert AO

Alan Gilbert is appointed President and Vice-Chancellor in 2004, later establishing Equity and Merit Scholarships and the Manchester Access Programme.

2006

Prof Danielle George MBE

Danielle George is awarded her PhD. It would be followed ten years later by an MBE for her services to promote public engagement in engineering.

A global community

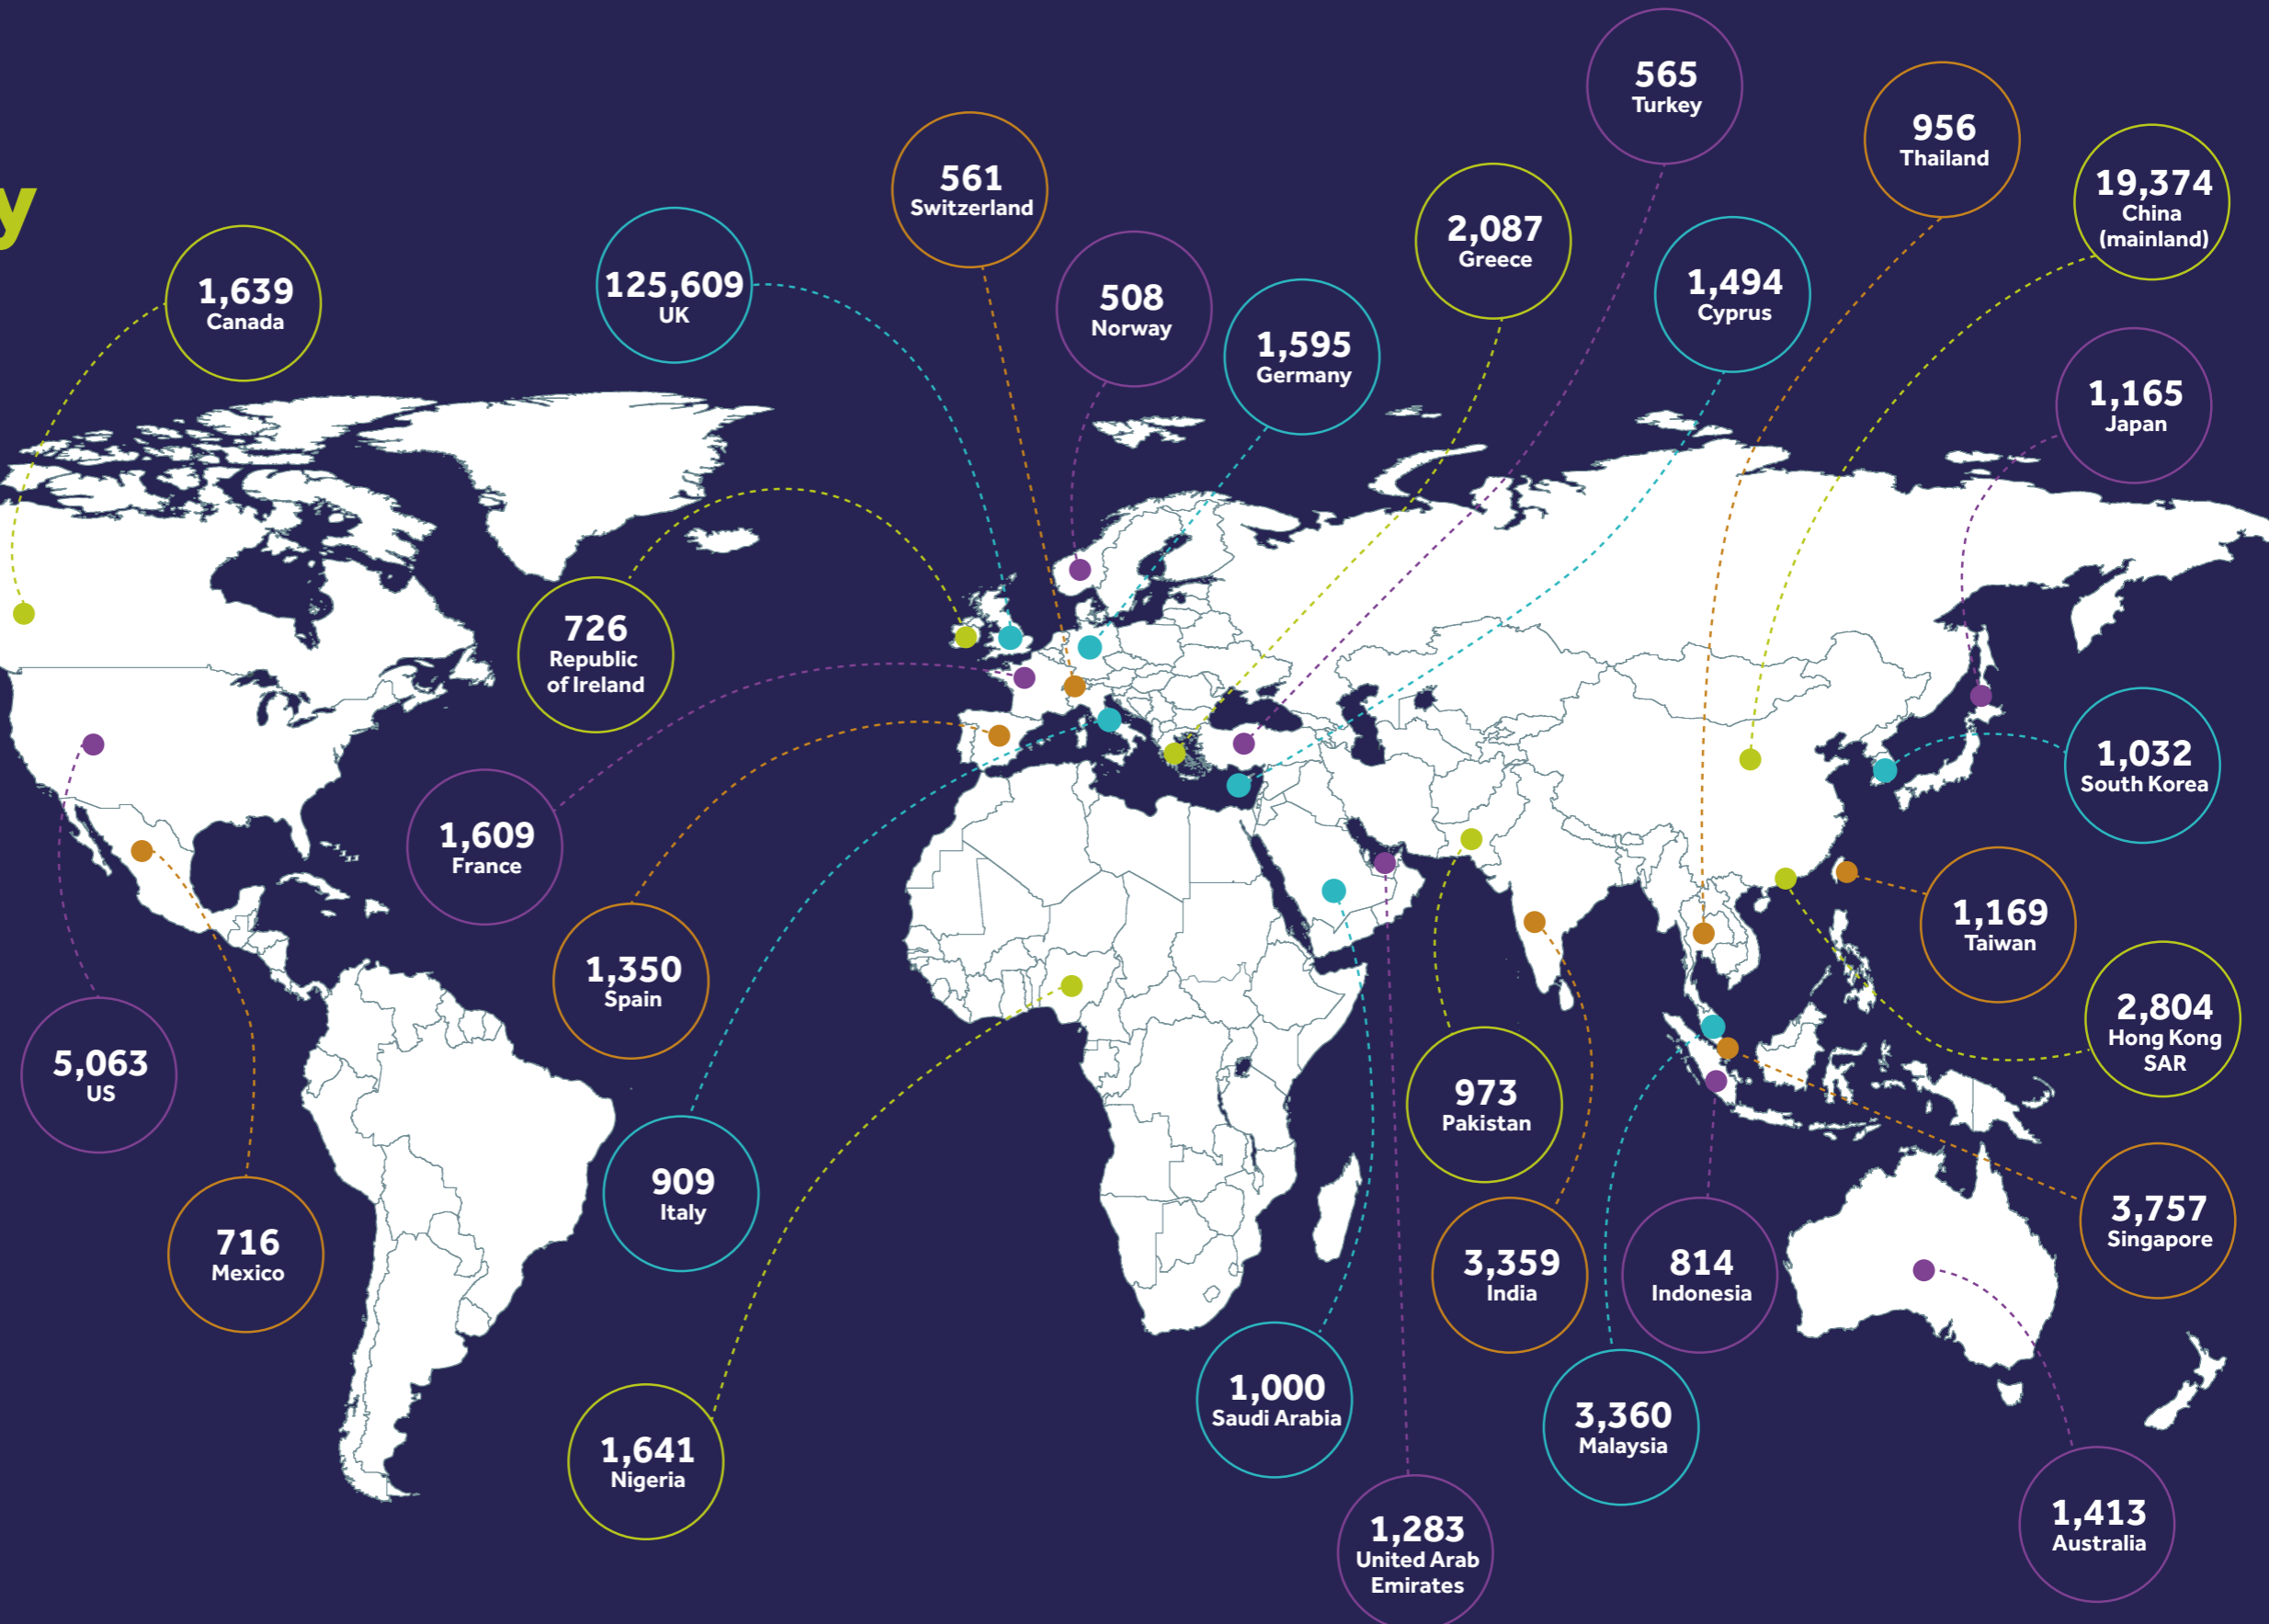

With more than 500,000 graduates worldwide, we're proud to welcome you to the largest alumni community of any UK campus-based university.

Half a million is not just a big number. It's a community with active groups all over the world.

Whether you're adventuring abroad or you're returning home – there's an alumni group wherever you go.

These groups offer you a diverse, highly skilled and welcoming network of friends and professional contacts. They also help you stay connected with the University.

Find your nearest alumni group or volunteer to start your own:
your.manchester.ac.uk/global-networks

STELLIFY

Manchester has always been at the heart of change, looking forward and forging new paths – this is instilled in our students and graduates through Stellify.

During your time at Manchester you'll have embraced many different opportunities, broadened your horizons, examined and challenged real-world issues, led change, and given something to local and global communities.

Each path was unique, but the cumulative impact and influence is far-reaching. We're proud that so many of you graduating have taken part in Stellify activities at Manchester, embraced our collective commitment to social responsibility and made a difference.

IT'S TIME TO STELLIFY

It's time to Stellify
Be the focus, be the vision
Be the brightest in the universe
Be the future, be driven

There's half a million alumni
190 countries across the globe
25 Nobel laureates
This is our genetic code

There's stardust in your DNA
You are a meteorite
You are the pen tempting words
You are the lens sensing light

Be ten thousand degrees
Be light years travel in time
Be the star of the universe
And shine, shine, shine

*Lemn Sissay, poet, author and
Chancellor of The University of Manchester*

Highlights

2019–20

Responding to the pandemic

This was an unprecedented year for the whole world. Indeed, the COVID-19 pandemic had a significant impact on the graduating class of 2020. However, our students rose to the challenge. Here are a few examples of their extraordinary response to COVID-19.

Army of student volunteers helping our NHS heroes

More than 450 medical and social care students across Manchester stepped forward in less than a week to support NHS workers. Called the Manchester National Health Supporters, the student-led initiative provided help including collecting groceries, babysitting children, pet walking and working at GP surgeries. The idea originated from Saif Khan, a fourth-year medical student at Manchester.

Law students volunteer to help people affected by pandemic

A group of 40 law students from the University have volunteered their services during their holidays to help people affected by the coronavirus. Since June, they've been providing advice online in five areas of law particularly impacted: care, family, employment, consumers and housing.

Manchester student volunteer sewing scrubs for NHS

Olivia-Faye Dickinson – a third-year Materials Science and Engineering with Textile Technology MEng student – returned to her summer job in Lichfield as a seamstress at alteration shop Tudor Sew to voluntarily sew scrubs for local NHS staff.

Addressing food sustainability during the lockdown

PhD student Mathieu Augustin has been helping to reduce waste by providing food to people in Manchester during lockdown. While writing his final thesis on geotechnical engineering, Mathieu has been collecting surplus food from supermarkets and bakeries on behalf of OLIO, an app specialising in redistributing food among local communities.

Other highlights from the year

Despite the challenging circumstances, Manchester students and staff were still able to achieve many great things. Here are just a few of the big stories from the year.

University project wins Spirit of Manchester Award

Diversity Champions Manchester – a community project based at the University – won the Equalities category of this year's Spirit of Manchester Awards. The project seeks to improve the understanding of hate crime among schoolchildren and young people, and give them the skills they need to tackle it in their community.

Manchester named top for graduate employability

Manchester was named the University of the Year for Graduate Employment by *The Times* and *Sunday Times Good University Guide*. Praise was given to our extracurricular programmes like Stellify, which help to embed ethical challenges into degree programmes and provide students with the skills they need to hit the ground running when they enter the workplace.

No sweat for students in 24-hour run challenge

Last November students from the University's Run Wild Society raised money for a homelessness charity by running non-stop for 24 hours. The money raised went to the Greater Manchester Mayor's Charity in support of the Bed Every Night Scheme.

University to decarbonise its investment portfolio

The University announced an end to investments in fossil fuel reserve and extraction companies by 2022, and the 'decarbonisation' of all investments by 2038. Changes to the Socially Responsible Investment Policy also include a commitment to reduce the carbon intensity of the overall investment portfolio by 30% by 2022, and then to move as quickly as possible to net zero by, at the latest, 2038.

Outstanding Alumni Awards

Our **Outstanding Alumni Awards** are presented to members of the University's alumni community who have achieved distinction through their contribution in their fields or professions, through exemplary service to the University, or through outstanding service of a personal or humanitarian nature. During this year's celebrations we are presenting awards to Simon Segars and Angela Gakenia Kavila-Kwinga

Simon Segars *MSc Computer Science* 1996

Outstanding Alumni Award, July, 2020

Since joining Arm as one of its first employees, Simon has driven technical and business innovations to help transform the company into the leading architect of the most pervasive computer technology the world has ever seen.

Simon led the development of early ground-breaking Arm processors – the Arm7 and Arm9 – powering the world's first digital mobile phones. He played a key role in developing industry standards, and his engineering work led to him being granted several embedded-systems patents. He became Vice President of Engineering in 2001, and was named CEO of Arm in July 2013. He was personally responsible for expanding the company's U.S. business and strengthening its leadership and relationships in California's Silicon Valley, where he still lives with his family.

Simon helped steer the company through the 2016 acquisition by SoftBank, and, in June 2017, was elected to serve on the SoftBank board. He also sits on the boards of the Global Semiconductor Alliance (GSA), the Electronic System Design Alliance (ESD Alliance), TechWorks and is a non-executive director at Dolby Laboratories, Inc.

Simon earned his BEng in Electronic Engineering from The University of Sussex and an MSc in Computer Science from The University of Manchester. In recognition of his extraordinary lifetime accomplishments and his impact to the global tech industry, Simon received an Honorary Doctorate from The University of Sussex.

Angela Gakenia Kavila-Kwinga *BSc (Hons) Pharmacy* 1999

Outstanding Alumni Award, July, 2020

Angela Gakenia Kavila-Kwinga (nee Kaigutha) trained to be a pharmacist in the UK, completing her undergraduate degree at The University of Manchester, followed by a postgraduate certificate in clinical pharmacy from De Montfort University. She began 12 years of community pharmacy experience first in Manchester then in Peterborough before joining the Peterborough Primary Care trust part time. Angela returned to Kenya in 2012 where she completed the Government of Kenya Internship Programme before working at the Kiambu District Hospital as a Pharmacy Officer.

Toto Care Box Africa Trust was founded in July 2016. Angela and four friends (Lucy Kaigutha, Helen Kariuki, Jacqueline Gachihi & Catherine Gachihi) wanted to make a difference to maternal and infant mortality in Africa. They used their extensive healthcare knowledge and backgrounds to develop an idea that Angela's younger sister, Lucy Kaigutha, developed whilst working in a small village in West Pokot, Kenya. Lucy came across an article titled 'Why Finnish babies sleep in cardboard boxes' which became her inspiration for the idea of the Toto Care Box.

Six months after the initial concept for Toto Care Box, the first five boxes were delivered to women at The Kenyatta National Hospital. So far, 2160 Toto Care Boxes have been provided to women who have attended and completed their antenatal care visits and used the Health Delivery Facility provided.

Since the beginning of Toto Care Box, there has been a 124% increase in both antenatal attendance and usage of the health delivery facility in distribution areas. They have trained over 1000 healthcare workers in maternal and new-born care.

"We know that if we can get our Toto Care Box new-born survival kits to more expectant mothers, together with the life-saving education that goes with the program we will be able to reduce the deaths in our mothers and new-borns. As a mother of three, the Toto Care Box cause is very dear to my heart."

www.totocarebox.org

Stellify Award winners

The Stellify Award is the University's most prestigious extracurricular accolade. It's presented to students who have successfully engaged with the University's Ethical Grand Challenges, undertaken 25 hours (or more) of community volunteering and fulfilled two leadership roles.

In 2020, the graduates who have achieved the Stellify Award are as follows.

FACULTY OF BIOLOGY, MEDICINE AND HEALTH

Claudia Abad Baucells	Fleur Josephine Lisa Booth	Lobna Ahmed Nagib	Caryn Molloy	Maeve Sparks

President's Doctoral Scholars

Each year the University presents the **President's Doctoral Scholar Award, the highest accolade bestowed upon members of our postgraduate researcher community.** It's awarded to approximately 3% of our research students who demonstrate academic excellence and leadership potential.

Outstanding Academic Achievement Awards

The University's award for Outstanding Academic Achievement is awarded to the top students in each graduating year based solely on academic performance. It consists of a certificate and an award of £1,000.

The prestigious award reflects the exceptional performance of the individual graduates during their time at The University of Manchester.

The Affirmation

New graduates in Bachelor of Dental Surgery Nursing and Midwifery Bachelor of Medicine Bachelor of Surgery Pharmacy

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a dentist; doctor; midwife; nurse or pharmacist
- work with colleagues in the ways that best serve patients' interests

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply:"I so affirm".

Larry Mccartney

Physics with Theoretical Physics

David Chuckwuemeka Chima
Oraegbuna
Thomad Gabriel Martin

Physics

Qamar Ahmed Azizi
Oliver Sampson

Undergraduate Diploma

Mathematics

Ewan Beetham
Ruiqing Cheng
Callum David Headley
Eunji Hong
Benjamin Horne
Oliver George Squire

Mathematics with Finance

Lin Lian

Certificate in Higher Education

Fashion Technology

Jiaming Wu

Materials Science and Engineering

Henry Churchman-Davies
Dirie Isse

Stay connected

Congratulations, Class of 2020!

Welcome to the alumni community. We're here to help you maintain a lifelong connection with us, Manchester and each other; to continue friendships, share experiences and inspire those who follow in your footsteps.

With more than 500,000 graduates worldwide, we're proud to have the largest alumni community of any campus-based university in the UK. We'll help you connect with other graduates so you can get careers advice from people holding positions in every field imaginable.

Update your contact details so we can keep in touch. We'll update you with news and resources you can still use, such as the Careers Service and the Library.

All alumni services can be accessed at your.manchester.ac.uk.

We can't wait to see what you do next.

Shape your future

As a new graduate of The University of Manchester, you have opened up the doors to a whole range of opportunities. We're here to help you take your first steps into life after university. You'll have full access to the resources and expertise of the Careers Service for two years after you graduate.

Here are three things you can do now to prepare for your future.

1

Build and maintain your network

Brush up your LinkedIn profile and **connect with your fellow graduates**. Don't forget you can also connect with alumni through The Manchester Network. You never know who could end up introducing you to your perfect job!

2

Update your CareersLink

CareersLink hosts thousands of **job vacancies** specifically targeting University of Manchester students and graduates. **Update your details** so that you can log in with a non-student email address. Follow the instructions when you select *Log in as a graduate*.

www.manchester.ac.uk/careerslink

3

Access Careers Service resources

You can access our staff and services online. Get the support you need, from guidance appointments with our Careers Consultants to advice on applications and your CV. Contact us by email, over the phone, Skype, Zoom or live online chat.

www.manchester.ac.uk/careers/services

In around 15 months' time, an agency on our behalf will be contacting you to find out what you have gone on to do after leaving university. You'll be invited to complete a survey (the Graduate Outcomes Survey) that will help us find out more about what you are doing in the first few months after graduation and inspire future generations of Manchester students.
