

Computer Science 2021-22		
Course Code	Course Name	Comments
COMP21111	Logic and Modelling	
COMP22111	Processor Microarchitecture	
COMP24011	Introduction to AI	
COMP24112	Machine Learning	Introduction to AI is a pre-requisite
COMP24412	Knowledge-based AI	Introduction to AI is a pre-requisite
COMP25212	System Architecture	
COMP27112	Introduction to Visual Computing	
COMP31311	Giving Meaning the Programs	
COMP32211	Implementing System-on-Chip Designs	
COMP32412	The Internet of Things	
COMP34111	AI and Games	
COMP34612	Computational Game Theory	
COMP34711	Natural Language Processing	
COMP34812	Natural Language Understanding	
COMP35112	Chip Multiprocessors	
COMP36111	Algorithms and Complexity	
COMP36212	Mathematical Systems & Computation	
COMP37111	Graphics & Virtual Environments	
COMP37212	Computer Vision	
COMP38412	System Security	
COMP39112	Quantum Computing
