

Academic Success Programme Live (5-16 October 2020)

During the University PGT Induction weeks (5-16 October 2020), the University Language Centre is offering a package of Academic English aimed at Master's students - the Academic Success Programme Live. Delivered via live synchronous video sessions, our Academic Writing workshops offer faculty-specific support covering both the basics and the finer points of good academic writing. Our Academic Grammar workshops also cover topics useful to students from all backgrounds and hence are open to students from all three faculties.

Building on the success of our online Pre-sessional English course in summer 2020, we'll be running the workshops at different times of day to allow for students located in different time-zones. The expectation is that students sign up in advance for individual workshops which interest them. We're also planning a drop-in "Writing Clinic" which will serve as a one-stop shop for questions about academic writing and signposting to further support.

Our intention is to support the University's mission to attract and retain international students throughout 2020-2021, and we'd encourage you to check out our website as we add further details: www.manchester.ac.uk/academicsuccessprogramme.
