

Fundamentals of Management Accounting

BMAN 10632

Credit rating 10

Unit coordinator: Sofia Yasmin

Alliance Manchester Business School

Undergraduate

Level 1

Course unit overview

Topics studied are as follows:

- Introduction to management accounting
- Cost-Volume-Profit Analysis
- Relevant and Marginal Costing for decision making
- Full Costing
- Budgeting and Control
- Strategic Management Accounting

Aims

This course unit aims to give students an understanding of the fundamental principles and concepts involved in management accounting from the perspective of business decision makers rather than accounting specialists. It aims to introduce techniques of how to produce useful information, how to analyse that information to help a business plan and control its activities, and to assist in making informed decisions in various commercial circumstances.

Learning outcomes

At the end of this module, you should be able to:

- Explain and discuss the differences between financial accounting and management accounting. Discuss the types of decisions where management accounting can provide useful information.
- Understand cost behaviour in relation to output; calculate break-even point and margin of safety. Use marginal analysis and relevant costing technique to make a variety of short-term business decisions.
- Calculate the full cost using the traditional and activity based costing approaches.
- Explain the interlinking of various budgets within a business, prepare budgets and conduct basic variance analysis, and discuss the limitations of budgets for performance evaluation.
- Consider non-financial information for different types of industries and scenarios and use this information to evaluate performance and make informed business decisions.

Teaching and learning methods

Methods of delivery - lectures and workshops.

Lecture hours: 20 hours

Workshops : 1 hour per week for 5 weeks.

Independent study: 75 hours

Total study hours: 100 hours

Note: Independent study includes reading, preparation for classes, homework and completion of practice quizzes and preparation for exam

Total study hours: 100 hours split between lectures, classes, self study and preparation for

classes and examinations.

Informal Contact Methods

1. Office Hours
2. Online Learning Activities (discussions, self-assessment questions)

Employability Skills

At the end of the course students should have acquired various employability skills including wider business awareness, ability to interpret financial and non-financial information, and understanding key accounting concepts. Students will also acquire problem solving, decision making, time management, and analytical skills to interpret accounting information in order to make both short term and long term business decisions. These skills will help students to succeed in psychometric testing and assessment centre to secure graduate jobs.

Assessment methods

A closed-book examination in the summer period Duration 1.5 hours Conducted under examination conditions

Feedback methods

- Informal advice and discussion during a lecture, or workshop.
- Online exercises and practice quizzes delivered through the Blackboard course space.
- Responses to students' emails and questions from a member of staff.
- Feedback provided via the online discussion forum.
- Written and/or verbal comments on practical/worked exercises.
- Generic feedback posted on Blackboard regarding overall examination performance.

Requisites

BMAN10621A	Fundamentals of Financial Reporting A	Pre-Requisite	Compulsory
BMAN10621B	Fundamentals of Financial Reporting B	Co-Requisite	Compulsory

Pre-requisite course units have to be passed by 40% or above at the first attempt unless a higher percentage is indicated within this course outline. If the pre-requisite unit is defined as a compulsory course unit within your programme of study (Maths with Finance, IBFE, Accounting, BA Econ pathways for example) then progression onto the dependent unit is permitted as long as you have gained the appropriate amount of credit to progress on to the following year of your registered undergraduate programme.

Pre-requisites: BMAN10621(A) or BMAN10621(B) Fundamentals of Financial Reporting
