

BNurs work times

To be completed by all candidates.

Bachelor of Nursing (Hons)

Candidates are reminded that the School of Health Sciences, Faculty of Biology, Medicine and Health reserves the right to rescind at any time an offer of a place on the course during and following any of the selection processes adopted by the University if any information is revealed to us by any professional organisation that would make this application void. NMC Fitness to Practice regulations apply to this course and all offers are subject to successful completion of the Disclosure and Barring Service and Occupational Health checks.

Whilst every effort is made to offer students appropriate clinical placements, the University reserves the right to place students where necessary to meet the module outcomes of the course. There will be community clinical placements as well as hospital placements.

I understand that due to the course structure of the programme, holidays will be set over the three-year period and are not negotiable.

I understand that as a student nurse, I will be expected to work shift patterns that may involve weekends, starting or finishing work early in the morning, for example 07:15am or late at night, for example after 21:00pm.

The start date for the course is:

September 2026

I have read and accepted the above conditions of my application and any offer I receive.
