

## Request to Withdraw from a Research Study

**Name of Principal Investigator: Professor Alys Young**

**Title of Study: the READY study (Recording Emerging Adulthood in Deaf Youth)**

I have decided that I want to end my participation in the READY study.

Ending my participation means:

- I will no longer be contacted about this research study.
- Information about me will no longer be collected.

I understand that any data collected up to this point as part of my participation in the study will remain as part of the study data set and cannot be removed.
