Under the Education section, click 'Add new school/college/centre'

It will take you to a new screen and you can input the country you studied at and the list of schools/colleges in that country will appear. Click the correct institution and then click save. You will first need to input your achieved qualifications prior to starting the IFY, which would likely be your qualifications from your country.

Help

Once you've selected the qualification, you will come to this screen. You will need to input the date you received the qualification and the grade achieved.

You will also need to list the modules – it's best to list the science modules you have taken in your final year. Once all of this has been input, click 'save'.

Once you have saved that, you will go back to education screen. Once there, click 'Add new school/college'.
