

The University of Manchester

# DEGREE CELEBRATIONS

December 2020

“Use your head,  
but follow your heart.”

Professor Dame Nancy Rothwell,  
President and Vice-Chancellor  
of The University of Manchester

# Congratulations

## from the President and Vice-Chancellor

**Congratulations to the graduating class of 2020 – wherever you are in the world at this time, during these unprecedented circumstances.** This is a time of celebration and I hope you enjoy this special occasion with family and friends.

For those of you graduating this winter, this is also the perfect opportunity to reflect on your time here at Manchester, to think about your successes and accomplishments, and to look forward with excitement to the next stage of your journey.

Although you are not here on campus, as you mark your achievements this week, know the University shares with you a great sense of pride in the award you have worked so hard to attain.

I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and know you are ready to take on your next challenge and shape your own future.

These celebrations mark not the end of your relationship with the University but the start of a new chapter. You are now part of a worldwide network and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the world's largest global alumni communities.

I wish you every success for the future.

A handwritten signature in black ink, appearing to read "Nancy Rothwell".

Professor Dame Nancy Rothwell

# Leading the way

Throughout our history, Manchester has helped shape the world through knowledge, wisdom and humanity. Our staff and alumni instil in our students and graduates a desire to improve people's lives through research, teaching and social responsibility, investing in the future of others.

**1851**

John Owens

Owens College is formed with the fortune of Manchester industrialist John Owens.

**1948**

Prof Alan Turing OBE FRS

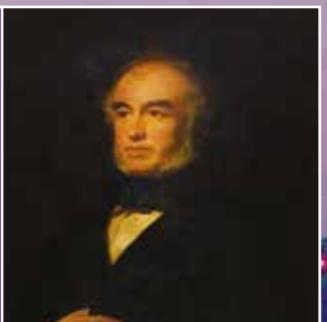

The famed wartime codebreaker joins the University, where he would gain a reputation as the father of modern computing.

**1874**

Edward Ryley Langworthy

The Langworthy Chair, a position held by five Nobel Prize winners, is created by the legacy of this donor to the University.

**1945**

Ellen Wilkinson

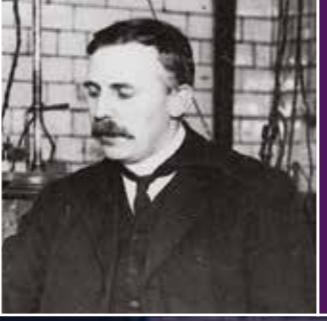

Ellen Wilkinson is appointed as Britain's first female minister for education. As a student she won scholarships for every stage of her education.

**1906**

Dame Christabel Pankhurst DBE

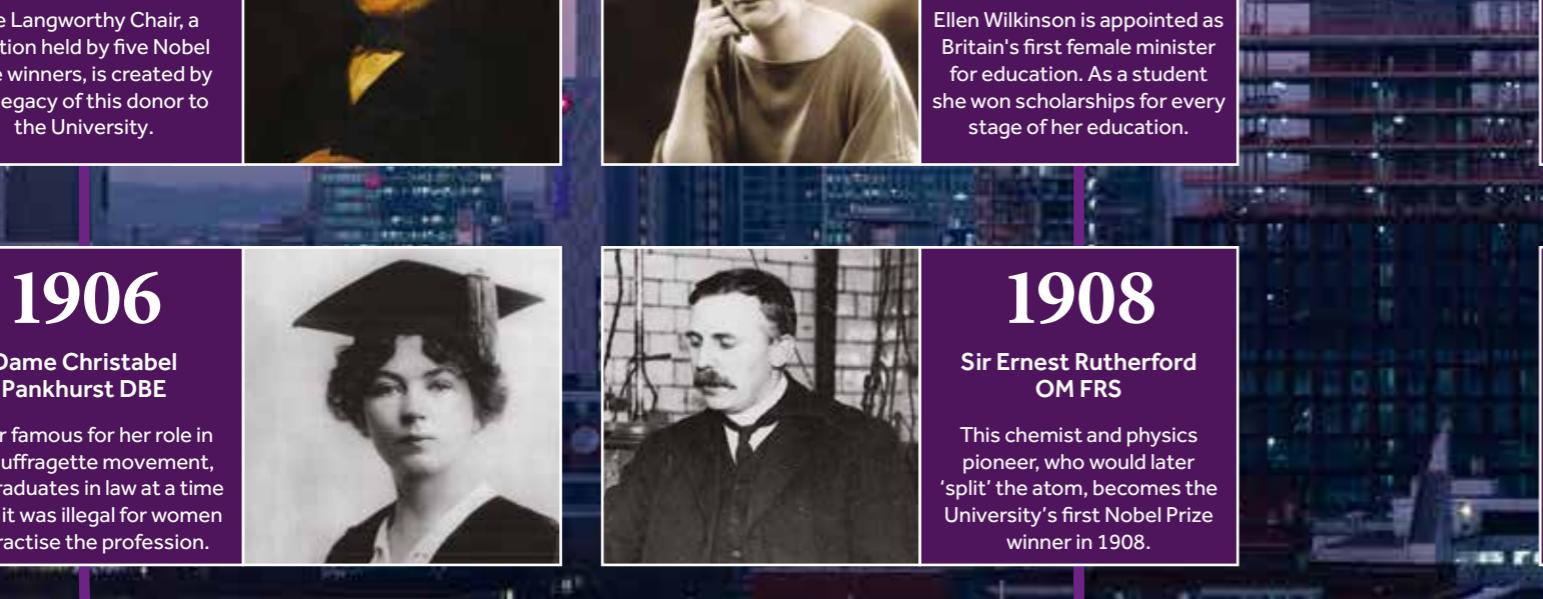

Later famous for her role in the suffragette movement, she graduates in law at a time when it was illegal for women to practise the profession.

**1908**

Sir Ernest Rutherford OM FRS

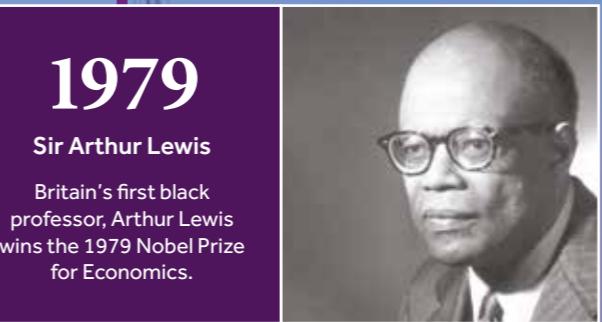

This chemist and physics pioneer, who would later 'split' the atom, becomes the University's first Nobel Prize winner in 1908.

**1979**

Sir Arthur Lewis

Britain's first black professor, Arthur Lewis wins the 1979 Nobel Prize for Economics.

**2017**

Naa Acquah

The first black woman to hold the position of General Secretary of the Students' Union, Naa graduates in 2017.

**2016**

Jean D'Amour Mutoni

Queen's Young Leaders Award recipient Jean, whose scholarship was supported by a donation to the University, graduates with a master's in Medical Microbiology.

**1998**

Prof Brian Cox OBE FRS

Graduating in Physics, Brian Cox starts a scientific career that has seen him become a household name through his work to popularise science.

**2006**

Prof Danielle George MBE

Danielle George is awarded her PhD. It would be followed ten years later by an MBE for her services to promote public engagement in engineering.

# A global community

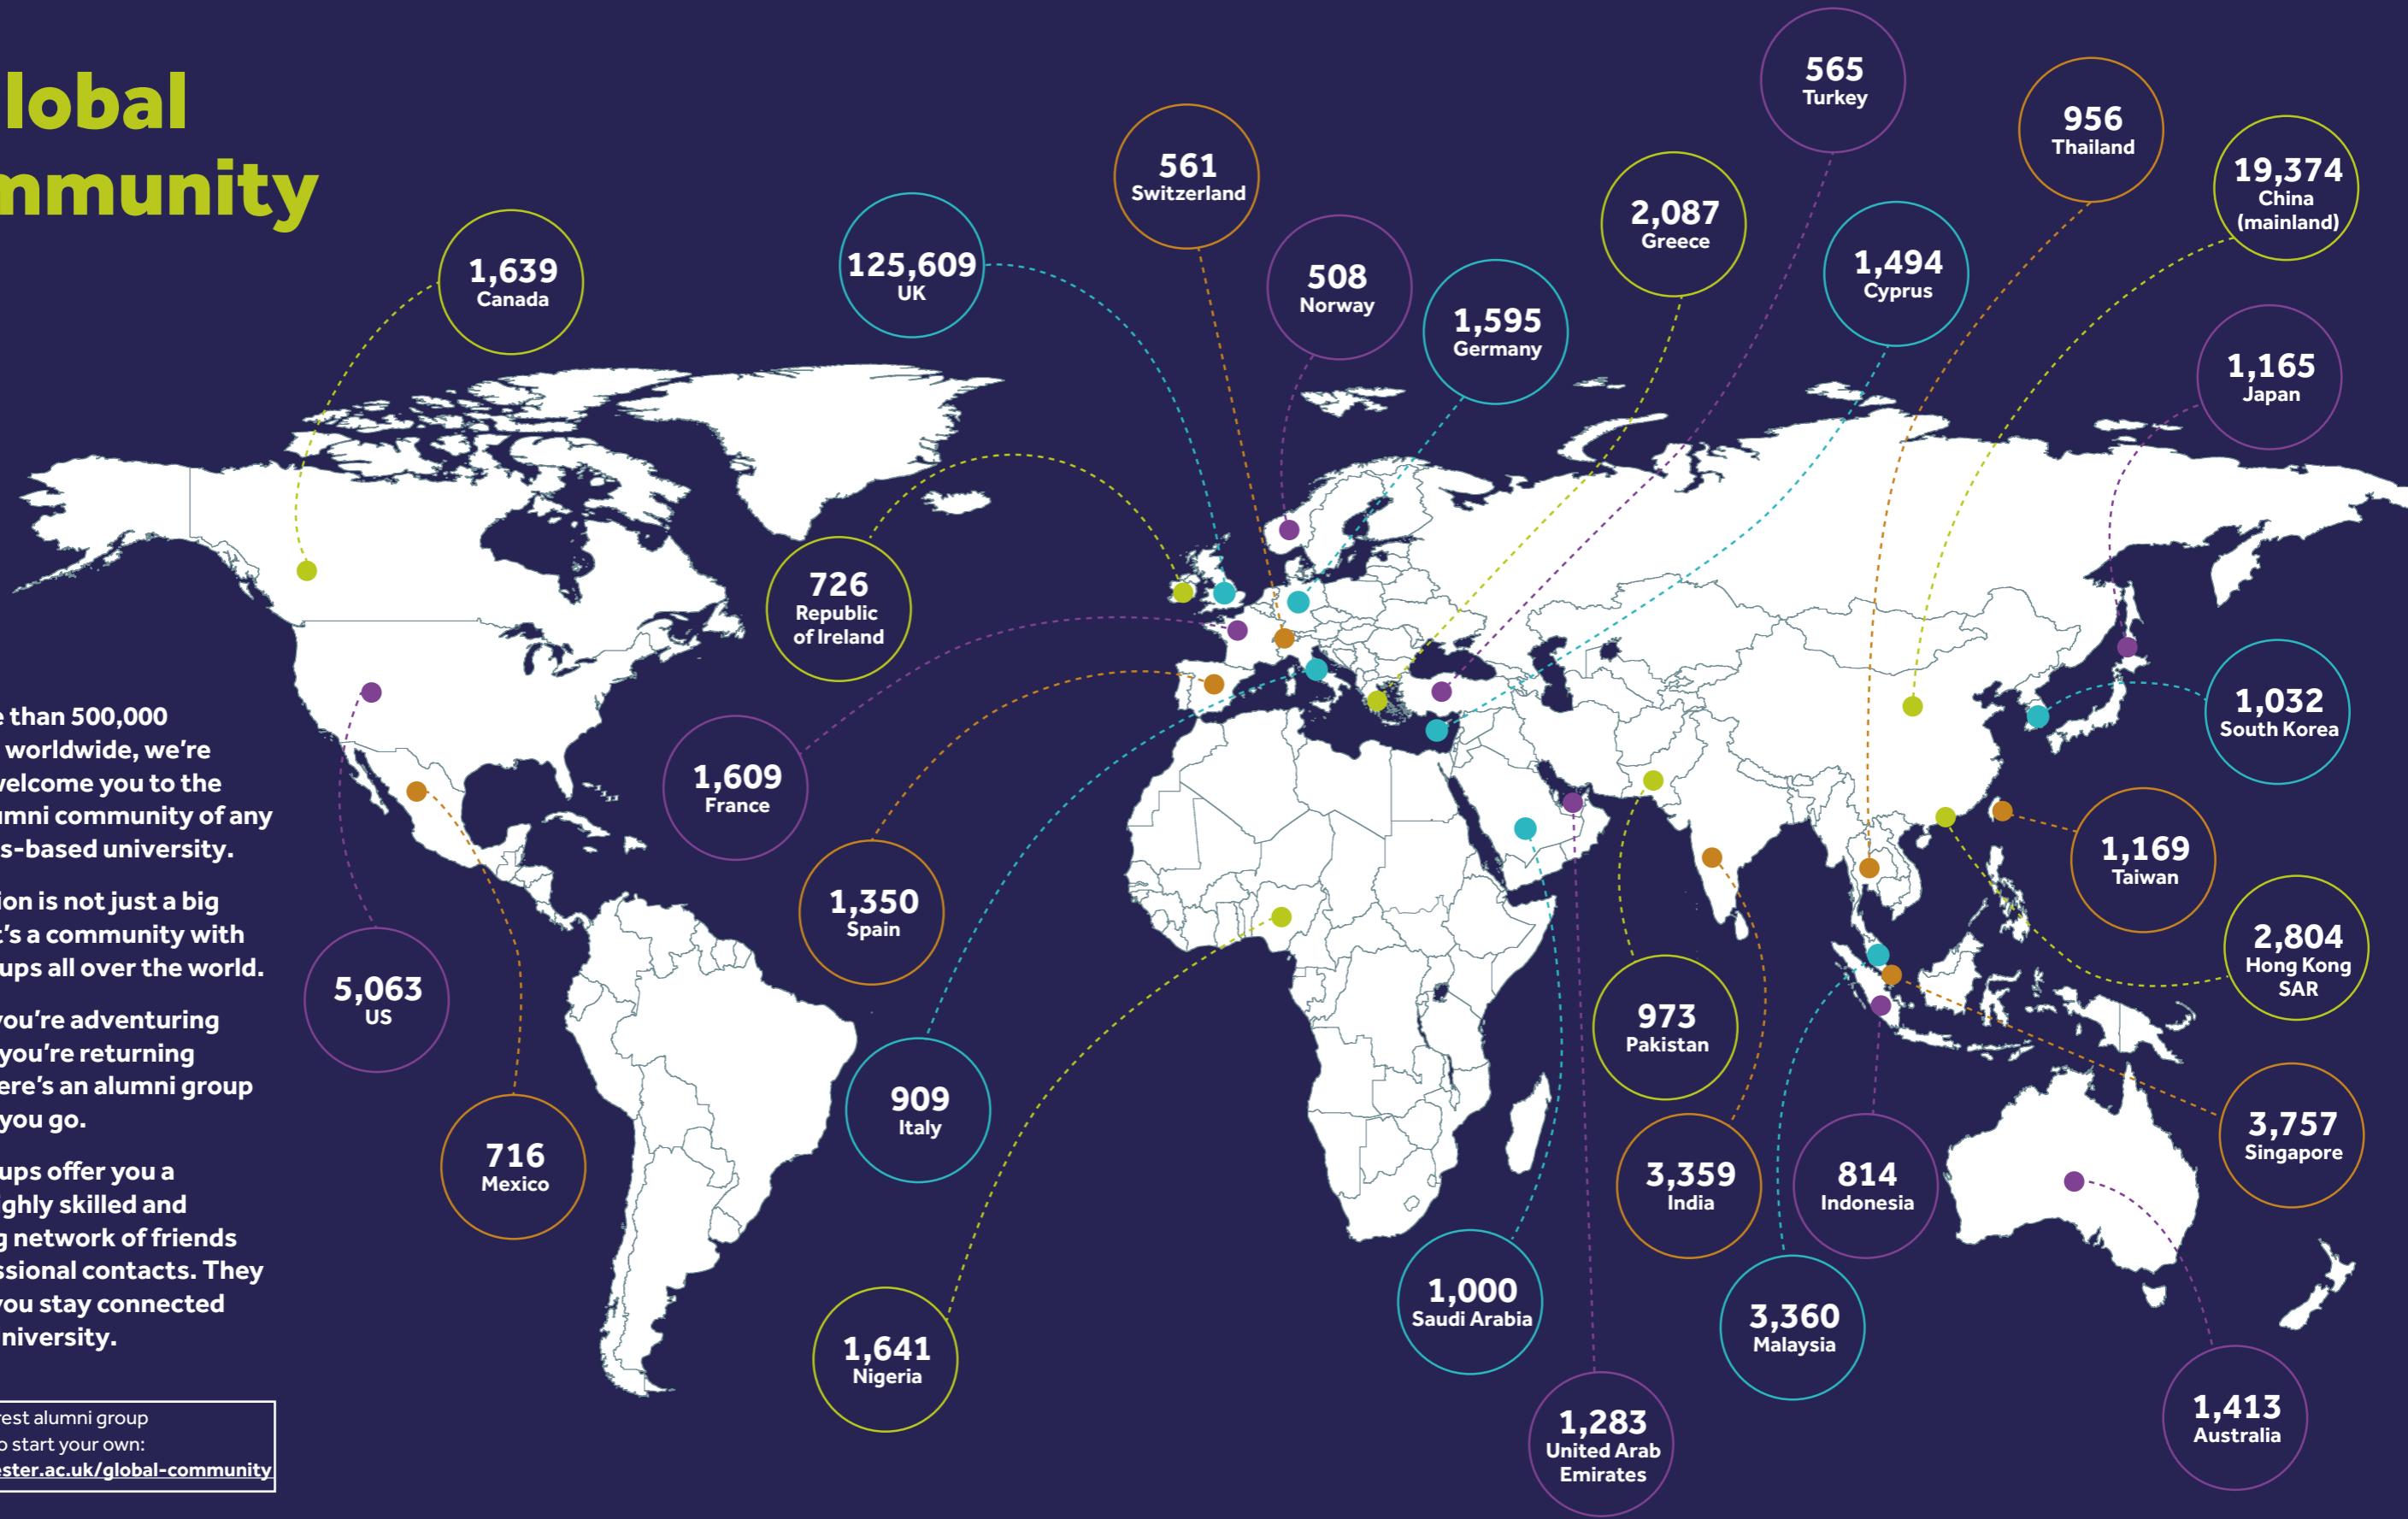

With more than 500,000 graduates worldwide, we're proud to welcome you to the largest alumni community of any UK campus-based university.

Half a million is not just a big number. It's a community with active groups all over the world.

Whether you're adventuring abroad or you're returning home – there's an alumni group wherever you go.

These groups offer you a diverse, highly skilled and welcoming network of friends and professional contacts. They also help you stay connected with the University.

Find your nearest alumni group or volunteer to start your own:  
[www.manchester.ac.uk/global-community](http://www.manchester.ac.uk/global-community)

# STELLIFY

Manchester has always been at the heart of change, looking forward and forging new paths – this is instilled in our students and graduates through Stellify.

During your time at Manchester you'll have embraced many different opportunities, broadened your horizons, examined and challenged real-world issues, led change, and given something back to local and global communities.

Each path was unique, but the cumulative impact and influence is far-reaching. We're proud that so many of you graduating embraced our collective commitment to social responsibility and made a difference.

## IT'S TIME TO STELLIFY

It's time to Stellify

Be the focus, be the vision

Be the brightest in the universe

Be the future, be driven

There's half a million alumni

190 countries across the globe

25 Nobel laureates

This is our genetic code

There's stardust in your DNA

You are a meteorite

You are the pen tempting words

You are the lens sensing light

Be ten thousand degrees

Be light years travel in time

Be the star of the universe

And shine, shine, shine

*Lemn Sissay, poet, author and  
Chancellor of The University of Manchester*

# Highlights

2019–20

## Responding to the pandemic

This was an unprecedented year for the whole world. Indeed, the COVID-19 pandemic had a significant impact on the graduating class of 2020. However, our students rose to the challenge. Here are a few examples of their extraordinary response to COVID -19.

### Army of student volunteers helping our NHS heroes

More than 450 medical and social care students across Manchester stepped forward in less than a week to support NHS workers. Called the Manchester National Health Supporters, the student-led initiative provided help including collecting groceries, babysitting children, pet walking and working at GP surgeries. The idea originated from Saif Khan, a fourth-year medical student at Manchester.

### Addressing food sustainability during the lockdown

PhD student Mathieu Augustin has been helping to reduce waste by providing food to people in Manchester during lockdown. While writing his final thesis on geotechnical engineering, Mathieu has been collecting surplus food from supermarkets and bakeries on behalf of OLIO, an app specialising in redistributing food among local communities.

### £1 million raised for University's Coronavirus Hardship Fund

Staff, students and alumni from the University have raised more than £1 million for the institution's Coronavirus Emergency Hardship Fund. The money raised will go directly to support students most in need through bursaries, emergency grants, wellbeing projects and access to education.

### Nurturing young poets

Creative Writing postgraduate students are helping school children get lyrical during lockdown. During the annual Schools Poetry Competition PhD students from the University provided feedback for pupils aged 7 to 11 on their poetry via video clips.

## Other highlights from the year

Despite the challenging circumstances, Manchester students and staff were still able to achieve many great things. Here are just a few of the big stories from the year.

## Manchester named top for graduate employability

Manchester was named the University of the Year for Graduate Employment by *The Times* and *Sunday Times Good University Guide*. Praise was given to our extracurricular programmes like Stellify, which help to embed ethical challenges into degree programmes and provide students with the skills they need to hit the ground running when they enter the workplace.

## University project wins Spirit of Manchester Award

Diversity Champions Manchester – a community project based at the University – won the Equalities category of this year's Spirit of Manchester Awards. The project seeks to improve the understanding of hate crime among schoolchildren and young people, and give them the skills they need to tackle it in their community.

### University to decarbonise its investment portfolio

The University announced an end to investments in fossil fuel reserve and extraction companies by 2022, and the 'decarbonisation' of all investments by 2038. Changes to the Socially Responsible Investment Policy also include a commitment to reduce the carbon intensity of the overall investment portfolio by 30% by 2022, and then to move as quickly as possible to net zero by, at the latest, 2038.

# Outstanding Alumni Awards

Our **Outstanding Alumni Awards** are presented to members of the University's alumni community who have achieved distinction through their contribution in their fields or professions, through exemplary service to the University, or through outstanding service of a personal or humanitarian nature.

## Chrissie Wellington OBE (MA Econ International Development 2001)

Outstanding Alumni Award, December, 2020

Chrissie Wellington is an iconic figure in the history of triathlon. She is the only triathlete, male or female, to have won the World Ironman Championship less than a year after turning professional. She is now Global Head of Health and Wellbeing at Parkrun.

In 2001, she graduated from The University of Manchester with a master's degree in International Development, before becoming an advisor at the UK's Department for Environment, Food and Rural Affairs (Defra). While at Defra, she negotiated for the UK at the World Summit on Sustainable Development and contributed to policy development, including post-conflict environmental reconstruction and water and sanitation.

Chrissie left the UK in 2004 to work for Rural Reconstruction Nepal, where she managed a community water sanitation and health project. On her return to the UK, Chrissie not only went back to Defra but also started competing in triathlons as an amateur athlete. She won the world age group championships in September 2006 and became a professional athlete in 2007, aged 30.

Her rise was meteoric. After winning a number of triathlon races around the world, she travelled to Korea to enter her first ever Ironman triathlon - a 2.4-mile swim, a 112-mile cycle and a 26.2-mile run - and won.

Chrissie's win in Korea secured qualification for the World Ironman Championship in Hawaii which, less than a year after turning professional, she also won - a feat described by the British Triathlon Federation as a "near impossible task".

Domination followed. Chrissie won three consecutive world titles, and became world champion for a fourth time in 2011. She has held three world records, and two still stand eight years after her retirement: the overall ironman distance world record, and the record for the cumulative time for all Ironman-branded triathlons.

Since retiring, Chrissie has published two books, including her 2012 Sunday Times bestselling autobiography *A Life Without Limits*.

She is now Global Head of Health and Wellbeing at Parkrun, a charity which organises volunteer-led, free, weekly 5km events around the world. She came on board with Parkrun to develop the incredibly successful junior Parkrun series, and has since developed partnerships with the Royal College of General Practitioners as well as leading the establishment of events on the custodial estate around the UK, and overseas.

While Chrissie's kudos as a world-class athlete opens doors, Parkrun's chief operating officer Tom Williams says it's not that which brings about the success she achieves:

"She is a force of nature. Regardless of her achievements, her skills, her athleticism, she genuinely cares about doing things and doing the right things. She is not driven by financial motivation or ego – she is incredibly driven to do good things. The things we have achieved would not have happened without her."

## President's Doctoral Scholars

Each year the University presents the President's Doctoral Scholar Award, the highest accolade bestowed upon members of our postgraduate researcher community. It's awarded to approximately 3% of our research students who demonstrate academic excellence and leadership potential.

## The Affirmation

**New graduates in**  
**Bachelor of Dental Surgery**  
**Nursing and Midwifery**  
**Bachelor of Medicine**  
**Bachelor of Surgery**  
**Pharmacy**

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a dentist; doctor; midwife; nurse or pharmacist
- work with colleagues in the ways that best serve patients' interests

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

**Graduates reply:** "I so affirm".

# Congratulations

# Stay connected

Congratulations, Class of 2020!

Welcome to your alumni community. We're here to help you maintain a lifelong connection with us, Manchester and each other; to continue friendships, share experiences and inspire those who follow in your footsteps.

With more than 500,000 graduates worldwide, we're proud to have the largest alumni community of any campus-based university in the UK. Most alumni share their email address with us so that we can stay in touch. We'll share news with you and information about how you can still use the Careers Service and the Library. We can also help to connect you with other Manchester graduates who can share careers and professional advice with you.

Discover more at  
[www.manchester.ac.uk/alumni-community](http://www.manchester.ac.uk/alumni-community)

We can't wait to see what you do next.

# Shape your future

As a new graduate of The University of Manchester, you have opened up the doors to a whole range of opportunities. We're here to help you take your first steps into life after university. You'll have full access to the resources and expertise of the Careers Service for two years after you graduate.

Here are three things you can do now to prepare for your future.

1

## Build and maintain your network

Brush up your LinkedIn profile and **connect with your fellow graduates**. You never know who could end up introducing you to your perfect job!

2

## Update your CareersLink

CareersLink hosts thousands of **job vacancies** specifically targeting University of Manchester students and graduates. **Update your details** so that you can log in with a non-student email address. Follow the instructions when you select *Log in as a graduate*.

[www.manchester.ac.uk/careerslink](http://www.manchester.ac.uk/careerslink)

3

## Access Careers Service resources

You can access our staff and services online. Get the support you need, from guidance appointments with our Careers Consultants to advice on applications and your CV. Contact us by email, over the phone, Skype, Zoom or live online chat.

[www.manchester.ac.uk/careers/services](http://www.manchester.ac.uk/careers/services)

GRADUATE OUTCOMES

In around 15 months' time, an agency on our behalf will be contacting you to find out what you have gone on to do after leaving university. You'll be invited to complete a survey (the Graduate Outcomes Survey) that will help us find out more about what you are doing in the first few months after graduation and inspire future generations of Manchester students.
