

Research involving animals

carried out at The University of Manchester requiring a Home Office Licence

At The University of Manchester our research covers a wide spectrum of disease in the UK including cardiology, stroke, dementia and cancer.

Currently...

7.4 million people living with a heart or circulatory disease in the UK
(*British Heart Foundation 2020*)

164,901 deaths from cancer between 2015 and 2017 in the UK
(*Cancer Research UK*)

850,000 people who have dementia
(*Alzheimer's Society*)

More than **100,000 strokes** in the UK each year; that is around one stroke every five minutes
(*Stroke Association*)
