

Classics for All

Widening access to classics

Supporting state schools in Manchester,
Cheshire and the North West

ABOUT CLASSICS FOR ALL

Classics for All supports state schools across the UK, many in areas of socio-economic disadvantage, to introduce or develop the teaching of classical subjects sustainably on the curriculum or as an after school activity.

SUPPORT FOR SCHOOLS

Thanks to our funding, we can provide targeted, long-term support to any state school in the North West wishing to introduce or develop classics teaching.

AT PRIMARY LEVEL

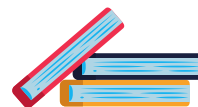

We can offer:

- Lively cross curricular resources and free training on teaching the Romans or the Greeks
- Taster sessions in Latin (or Ancient Greek) with a view to offering it either alongside a modern foreign language, as sole KS2 language or as an enrichment subject
- Free training exploring how Latin and Greek root words can help decode English vocabulary

Since 2010, we have...

- trained over 2,300 teachers
- introduced classics to over 50,000 pupils in 900 primary and secondary state schools

In 40% of the schools we support, Pupil Premium levels are above the national average.

AT SECONDARY LEVEL

We can offer:

- Free training and CPD for those keen to offer a club or teach about the ancient world through the KS3 curriculum (e.g. by incorporating a unit of work on the Odyssey into KS3 English)
- Free training and resources to teach Latin and Greek at any level from beginners to A Level
- Free training and resources to support the teaching of etymology through Latin and Greek word roots
